## MORE ABOUT Mrs. Betine Fires Barrage

(Continued From Page 1)

ad absurdum" which is a method used to disprove statements by showing the absurdity to which they lead when carried out to their logical conclusions. I will include, perhaps, an explanation of this method and why he acts like a child until he stops that grows up to the size of a man.

This council has for a long time, I have heard comments of varying descriptions as to attitudes that should be taken with regard to this unseemly conduct in these council proceedings. Since I have been the target of so many of these outbursts and accusations, brought on by my voting according to the dictates of my conscience, and since it is continuing, it is best, perhaps, that I take issue with such conduct on the floor.

At the outset, let me say, I could have, from the beginning, adopted an attitude of voting his pleasure and avoided all the irresponsible attacks and unnecessary blarney of one man. That, of course, could never, would never appeal to me; it is contrary to everything for which an alderman stands; it is contrary to the proper execution and function of the prerogative of an individual alderman.

That course of action would have been unthought of as a possibility for consideration. By this time any one else would be aware that I will not be intimidated or forced even by personality attacks into voting another's dicta. I have not been given up because I have not conceded. On that basis, then, there will be no stopping of his loud, vociferous invectives which he so often hurls at me. It is his inexcusable conduct that I think that a differing opinion must be attacked on a personal basis rather than on his own merits. This is the chief issue in point here.

A second attitude suggested to me that I ignore it because to act otherwise would only add fuel to the fire and only to the council meeting until late. I ignored him settling my mind in the thought and in the knowledge that any right-minded person would give absolutely no weight to his mouthings. I am sure the publicity he has received from time to time would have taught any other person the maxim that many a man has talked himself out of a reputation and has done it by himself. I think he has done this to himself.

Time and again, in Granite City and out of it, in Springfield and elsewhere, I have heard comments that "Nixon is his own worst enemy." Silence, is said oftentimes to be the severest criticism. I thus for a time adopted a silent, wait and see attitude, to see when and why and how he reacts. But that no longer is sufficient for me, not while I have to pay the price of listening to a shallow mind. It requires no extraordinary effort to be inconsistent, or to make unsupported assertions and deliberate, inconsistent and assertions when the mood desires it.

I am no longer going to sit and listen in silence. He is going to get some kind of an answer each time, but a prepared dissertation on his childish prattlings. He is going to get a reminder and an instruction on behavior becoming and unbecoming an alderman, on the conduct and decorum appropriate to one holding office and on the duties of holding office. It is going to be made clear that council proceedings are legal proceedings and are not a government. It should be made manifest that there is neither time nor place to the kind of dergarten or show place and to have the whole council a subject of ridicule to the public which it is now.

Every alderman is here out of a sense of duty, elected to be a representative of the people of Granite City. It is every alderman's duty and the interest of every citizen to see that these meetings are not a travesty of the mockery of government. Such actions as his are diametrically opposed to every alderman's sense of duty. We have been elected to vote according to the dictates of our own conscience as to what we think is in the best interest of the whole city.

Individuals should not be made targets of uncivilized attacks. Intelligent people know it takes no special talent to lie or deceive. Any one without talent (or with it) can mouth untruths just by talking or shouting. Seemingly, it takes the ignorant to constantly comeback to expose their ignorance. An occasion must come when they must be shown for what they are. One can adopt a silent, wait-see attitude, one can discount the ignorance, one can and might take as much of ruthless ignorance as one can give plenty of time and room for the attacker to hang himself for so long, then he must come an end to this travesty. It was done once before by the mayor and aldermen. It needs to be done again. The public has again endured enough.

The council was issued a set of Rules of Procedures by which the council members would govern themselves. This action had a very salutary effect. It was read, accepted by all with one exception. He not only vehemently

## 3GC Precincts May Be Served By 2 Committeemen

(Continued From Page 1)

Three Granite City precincts may be served by two Republican committeemen, unless the city and county GOP executive committee, which met Tuesday night in the future, it was learned yesterday from C. Luther Rudder, city chairman.

The city committee has made its selection, and Wilbur H. Schilling of Edwardsville, chairman of the Madison County Republican Central Committee, also announced the county selection this week.

The mixup occurred as the county board changed precinct boundaries and added four new precincts for Granite City township.

Rudder said the city and county committees agreed on men named for three of the six committees. The men are: Edward B. Nichols, 3014 Madison avenue, for Precinct 26; Robert Byrne, a candidate for circuit court clerk, Precinct 27; and Sixth Ward Alderman Samuel Byrnes, for Precinct 28.

Byrnes and Schilling were elected committeemen for Precincts 18 and 19 in April, but precinct boundary changes placed their homes in the new precincts.

The city committee has named Norman Oberdieck, 2803 Myrtle avenue, for Precinct 18; William Weekman, 2608 Wayne avenue, for Precinct 19; and Walter Riley, 2421 Ohio avenue, for Precinct 25.

The county group has selected Gerald DeMontmolin, 2843 Myrtle avenue, for Precinct 18; Martin McKee, 2920 Dale avenue, for Precinct 19; and Richard Dunn, 2116 Ohio avenue for Precinct 25.

Rudder said there is no disagreement between the city and county groups over the ability of the men selected, but the question to be settled is which committee has the authority to make appointments. "We've appointed good men and so has the county committee," Rudder said.

Gettings said one of the first duties of the new committeemen will be to select committeemen and choose two judges to serve in the national election Nov. 8.

Procedures At Port  
Topic of Board Today

Administrative procedures relating to operation of port facilities were discussed during a monthly meeting of the Tri-City Regional Port District today. The breakfast gathering took place at Cline's.

The district has been conferring with the Army Corps of Engineers on details of the proposed establishment of additional cargo-handling equipment at the Chain of Rocks Canal harbor.

## UE Makes New Offer: Union To Vote

(Continued From Page 1)

Members of Local 148 of the International Operating Engineers will meet on Monday and Tuesday to vote on a new wage proposal by Union Electric Co. which came out of meeting Tuesday at St. Louis between the electric company, the union and federal Conciliator George W. Sullivan.

The tentative agreement between union and company must be ratified by Local 148 members at meetings to be held Monday in St. Louis and Tuesday at the Police Hall in East St. Louis before the new contract will go into effect. No details of the proposed settlement have been released.

The company has also scheduled negotiations with three member unions of the International Brotherhood of Electrical Workers, 649 of East St. Louis, 300 of Alton, following an announcement last night by the unions that members had taken a strike vote.

Members of the three unions are linemen and outside physical workers. Another IBEW local in separate negotiations is the electric workers' union. All union contracts expired June 30.

possibility of obtaining an option on property for establishment of another neighborhood park in the Natick area. The park, valued at \$16,000, same as last year, was set up in the budget for land release.

It was pointed out that playground equipment already in operation at Wilson Park and the Maryland playground area at Franklin and Amos avenues and equipment to be installed in the near future at the Tri-City Park area playground is in this year's release.

Expansion of recreation programs and improvements to existing facilities with an extension of the park district boundaries to include the Natick area and other areas which formerly were outside the district were given as the main reasons for the budget increase.

The commissioners agreed that close watch is to be maintained on expenditures and that for a report from Supt. O. H. Williams of any maintenance programs.

**\$41,189 Bill List**  
The bill list approved last night totaled \$41,189, including \$24,848 operating costs and \$16,341 salaries.

Barry Loman, praised Commissioner Earl Bloomquist and Milton Warten for arranging with contractors and unions to reduce the Wilson Park playground area retrofits and include a concession stand at a cost of \$18,315. They had estimated the work would cost \$18,000 after the board had rejected a bid of \$32,000 for the project.

Taken under advisement was a request by Harold Elmer, representative of the Niederrhousen for an all-weather walk from Benton street at Oregon avenue to the existing sidewalk along 29th street. He also asked the board to consider a sidewalk further south off Benton street.

## MORE ABOUT Census Error

(Continued From Page 1)

This council is not set up to act on personalities. They ill fit into government procedures and in the processes of enacting legislation. This body, the aldermen, is set up under our system of local government for the purpose of enacting ordinances and laws, designed for safety to life and limb, liberty, dignity, and respect for the man being, the pursuit of happiness, and for the general welfare of the greatest number of people involved.

All of extra shenanigans and antics shown are diametrically opposed to the achievement of those purposes promoted by one man who would use the council as a subject of ridicule to the public and who prevents the council from doing its duty and common sense which they might better employ with more than halfheartedness and forces for action. Emotional, irrational outbursts and irresponsible attacks on any one are unbecoming and should be stopped. The city is a business and the aldermen, businessmen.

I am actually sorry that it has been necessary for me to have to take a stand on something like this; it should be unnecessary. I dislike it very much but I dislike taking abuse and I dislike taking abuse and I dislike taking abuse.

## ASC Committee Officers Named For 1960-61

(Continued From Page 1)

Both officers and the third regular member of the County Agricultural Stabilization and Conservation Committee were re-elected for the ensuing year Tuesday at the annual convention of the community delegates held in the Madison County Farm Bureau Building at Edwardsville.

They are Edwin C. Rethmeier, Edwardsville township, chairman; Albert G. Ernst, vice chairman; New Douglas township; and Albert F. Eberhart, Ft. Russell township, regular member. Walter F. Hardeinsner of Edwardsville township was elected to the committee as first alternate member replacing Orrin Bluck of St. Jacob township. Chosen as second alternate was Orrin Bluck, St. Jacob township who succeeds Albert L. Brown, New Douglas township.

The new terms will begin Aug. 1, with the group to serve for one year or until another election is held. The committee will have charge of the remainder of the current year's Agricultural Stabilization and Conservation program.

## 260 Connections Onto New Water System

(Continued From Page 1)

Andrew Bukovac, chairman of the Pontoon Beach Public Water District, announced today that city water service is now being provided for 260 families in the district, with only three lines not yet in operation.

These lines along Lake street, I street and Pontoon blvd. at the south side of Long Lake and will account for another 240 individual connections.

Bukovac said two or three slow leaks have developed in the lines, preventing them from being placed in operation. "We hope to have the problem corrected within a short time," he said.

He advised future customers of the district that \$3.50 water meter connection and \$15.00 in connection fees must be made in advance of any tap-on.

## James L. Pyles, 74, Dies of Heart Attack

(Continued From Page 1)

James L. Pyles, 74, of 1234 Edwardsville road, died of an apparent heart attack at 2:52 a.m. today at St. Elizabeth's Hospital. He had been ill three days.

Born in Keystone, Mo., Mr. Pyles had lived in Granite City for 35 years. He was formerly employed at Granite City Steel Co. and as a lift operator at the Granite City Engineer Depot. He was a member of the Tri-City Park Tabernacle Church.

Survivors are his wife, Mrs. Leona Emily Pyles; a son, Delbert Pyles of Granite City; four daughters, Mrs. Glen (Leola) Tucker, Mrs. Arnold (Bea) Young and Mrs. Harold (Veda) McClelland, all of Granite City; and Mrs. Richard (Theda) Kahn of Detroit; a brother, John Pyles of Granite City; a sister, Mrs. Jack Gibson of Marquand, Mo.; 15 grandchildren and 12 great-grandchildren.

Funeral arrangements are given in the obituary column.

## Oil Slag Being Applied To Streets In Madison

(Continued From Page 1)

Application of 15,000 gallons of road oil and 600 tons of slag began yesterday on the unpaved Madison streets suffering the most damage from winter weather. Work was continuing today.

Street crews and workmen of the Blumington Fuel and Oil Co. started Wednesday morning in the 14th street area and began moving southward.

## GC Steel Co. Earnings Down In Second Quarter

City Steel for further processing. The company earned 8.7% on second quarter sales of \$38,065,000, and 9.4% on sales for the entire first half of \$81,489,000. Veeder said the difference was largely accounted for by "lower volume" and "a less profitable product mix" in the second quarter.

The company's profits for the first half totaled \$7,638,000, or \$1.78 per share of common, as compared with its record half-year profits of \$8,370,000, or \$1.95 per share, earned in the first six months of 1959—a period in which steel users were buying heavily in anticipation of the on-coming steel strike.

Granite City Steel's open hearth furnaces produced 331,000 tons of ingot steel in the second quarter of this year, Veeder said, operating at 92% of their rated capacity as against an operating rate of 70% for the steel industry as a whole.

While production was about the same as in the first quarter, second quarter shipments of 269,000 tons of flat rolled steel products were down 13%. Veeder explained that included in the finished mill products shipped in the first quarter—but not the second—was a substantial tonnage made from outside ingots and slabs. These semi-finished mill products were sold to customers and sent to Granite

## Grading, Oiling In Chouteau Is Underway

Grading of the roadway from Illinois Route Thruway past the White Swan tavern and toward Lake Drive is expected to be completed this week. Oiling will proceed next week if it is not too dusty. Paul Porter, Chouteau township road commissioner, told the Press-Record this week.

Lemnox avenue has received a coating of road oil, and oiling has been started on Brown Addition, he added. Work is also scheduled on Tennessee avenue.

## Deadline of Aug. 30 On Completing Safety Posters

With less than five weeks remaining, work is proceeding this week on safety posters in connection with observance of "Safety Week" here Sept. 1-14. Deadline for submitting posters is 5 p.m. Tuesday, Aug. 30.

The contest is open to any boy or girl who will be enrolled in a Quad-City grade, junior high or senior high school in September, 1960. Only one entry may be turned in by each contestant, and each poster should have a theme intended to persuade persons to conduct themselves in a safe manner.

Plans call for the posters to be displayed in the windows of local business establishments during Safety Week.

Each artwork must be 22x28 inches in size and must be on posterboard. Built-up areas may be used on the surface, but cannot exceed two inches. In chalk, charcoal, pastels or similar materials are used, a fixative should be applied over them to protect the poster.

Three Divisions Judging will be conducted in

**Major Strain Assigned To St. Louis Office**

Major Paul W. Strain has been assigned as acting adjutant general in the Directorate of Administrative Services, Transportation Material Command, St. Louis, it was announced today.

He is the son of Mr. and Mrs. Bert Strain, 2335 Iowa street, who has departed from the St. Louis area enroute to his new assignment at the Army War College at Carlisle, Pa.

Col. D'Arezzo is a native of Rhode Island, a graduate of the U. S. Military Academy at West Point, class of 1938. He was present at Bataan early in 1942, when he was taken as a prisoner of war and held until 1945. In 1945, he attended the Command and General Staff College at Fort Leavenworth, Kan., and from 1946 to 1949 was instructor at the U. S. Military Academy, West Point. Later, he received his Master's Degree in Engineering at Texas A&M College, after which he became Assistant District Engineer at Seattle, Wash.

Col. D'Arezzo is thoroughly familiar with construction work, having had three years of duty with the Construction Division in the office of the Deputy Chief of Staff for Logistics in Washington, D.C.

## Post 113 To Host '61 District Legion Meet

Members of American Legion Post 113 voted Tuesday night to sponsor a convention of the Twenty-Second District at the Granite City post home next June. Appointed chairman of the planning committee for the convention, which will feature a parade, was LaVerne Brewer.

Brewer also asked for more members to join the drill team in preparation for the convention.

Post Commander Alex Duccini announced plans for the public installation of new officers which will be held at the post home Aug. 13 and will feature dancing and a talk by Mayor Leonard Davis.

## MORE ABOUT Survey Of Tax Dollar

(Continued from Page 1)

The city gets only \$66 of that total, he explained.

Discussing the recent sharp increase in property valuations, Rutledge said Granite Cityans should realize they are now paying taxes on 60% assessed valuations, while just a few years ago their property was assessed as low as 10%, 15% or 20% of its actual value. He added that local industries are paying 40% to 45% of the total tax bill in the township.

The city's tax levy was unanimously adopted. It had been placed on first reading at last week's meeting.

Knowing half the facts in the case doesn't help much—it's always the other half that you need.

Take one step at a time and you'll eventually reach the top.

## Five Cars Damaged In Housing Project Crash

Five cars sustained extensive damage in a crash involving a truck in a freak accident occurred on Circle drive in the Lee Wright Homes, near Bissell and Kirk streets, Venice.

Police arrested Joe S. Walter, 21 of 1117 Bissell Street for careless driving, leaving an accident scene and property destruction. He was released on bond until Saturday. Other cars, most of them parked, were owned by Eddie Lee Murphy, 31, of 21 Lee Wright Homes; Clarence E. Reeves, 27, of 14 Lee Wright; Dudley L. Collins, 27, of 34 Lee Wright; and Eddie L. Hannon, 20, of 46 Lee Wright.

Police said Walter was driving south along Circle drive when he lost control and struck the right fender of Hannon's car. Walter's auto continued on and collided with the right rear fender of Murphy's car, which was knocked against the left fender of Reeves' machine. The right side of the Reeves auto then was pushed against the right rear fender of Collins' car.

The front end and right side of Walter's auto were damaged, along with the entire rear of the Murphy car. Walter's vehicle was towed to a garage.

Col. D'Arezzo is a native of Rhode Island, a graduate of the U. S. Military Academy at West Point, class of 1938. He was present at Bataan early in 1942, when he was taken as a prisoner of war and held until 1945. ## Falls, Bike Mishaps Send 5 To Hospital

Mishaps sent four children and an adult to St. Elizabeth Hospital for emergency treatment.

On Tuesday, a cast was applied to the fractured left arm of Allen Ammann, 8, son of Mr. and Mrs. Joseph Ammann, 2204 Glen drive, after the boy had fallen from a fence he was climbing. X-rays were taken of the right foot and ankle of Karen Schnull, two-year-old daughter of Mrs. Helen Schnull, 1739 Edison avenue, after she caught them in the spokes of her bicycle. They proved negative and she was released.

Bicycle spoke trouble also sent Charles Warden Jr., eight-year-old son of Mr. and Mrs. Charles Warden, 717 Twenty-seventh place, to the hospital to have the spoke which became imbedded in his foot removed. He was given inoculation and released. After stepping on a nail, James Shurlan, 12, son of Mr. and Mrs. Earl Shurlan, 3000 Madison avenue, reported to the hospital to have it removed and receive inoculation.

On Wednesday, eight stitches were needed to close the cut lower lip of Mrs. Elsie Sturdivant, 59, of 2122 Adams street, received when she fell from a ladder in her home. She also suffered bruises to the elbow, wrist and leg.

## 'Music Under Stars' Draws Under 1800

Approximately 1800 persons attended the two-night "Music Under the Stars" performance in Wilson Park of the "Life of Stephen Foster" operetta featuring band leader Joe Schirmer.

Harold Brown, park recreation director, said the program was probably the most successful in the four seasons of outdoor music at the park and credited Chorus Director Warren Simpkins and Mrs. Susan Kichman, the dramatic director, with producing it. Guest artist Schirmer added much to the show, he thought.

About 800 attended Monday night while on Tuesday approximately 1000 were in attendance. In the cast were Keith Curtis as Foster, Joyce West as Mrs. Foster, Elynn Mae Ackerman as Jeanie, Julie Timpel as Susanna and Naomi Thomas as Miranda.

In a special routine of dances of the Foster period, accompanying the costumes, 25-voice mixed chorus was pianist, Miss Phyllis Stout.

## Mike Satchoff, 74, Dies At Home Tuesday

Mike Satchoff, 74, of 1428 Eighth street, Madison, died of infirmities at 11:35 p.m. Tuesday at his home. He had been ill three months.

Born in Bulgaria, Mr. Satchoff moved to Madison 40 years ago. For 15 years he was employed by the Madison Packing Co. He is survived by his wife, Mrs. Anna Satchoff; a daughter, Mrs. John (Lillian) Kozar of Granite City; one grandchild and two great-grandchildren. Funeral arrangements are given in the obituary column.

## Girl Struck By Auto Not Seriously Injured

Little Alice Faye Vaughn, five-year-old daughter of Mrs. Lucy Vaughn, 2504 Highway 67a, suffered no broken bones as a result of a car backing over her leg shortly after noon Monday. It was learned yesterday from Mrs. Vaughn, an examination by the family physician showed the girl received no serious injuries when the car backed over her leg right leg after she had stumbled

## John Venorsky, 48, Passes Away Tuesday

John Venorsky, 48, of 1911 Grand avenue, died of a heart condition at 1:25 p.m. Tuesday at his home. He had been ill about one year.

Born in Granite City and a resident here all his life, Mr. Venorsky was formerly employed at National Lead Co. and Laclede Steel Co. He is survived by two sons, Charles and John Venorsky Jr. of Madison; a sister, Mrs. Paul (Sue) O'Master of Granite City and a brother Steve Venorsky of Granite City.

Funeral arrangements are given in the obituary column.

fallen in front of a store near her home. County authorities are continuing the search for the driver of the auto, the only description of which is that it was white. They think the man, perhaps stopped to make a telephone call at an outside booth near the store and apparently was not aware the girl was behind his car when he backed out. She had fallen to the ground while running to a dairy truck.

## Heavy Tow Truck Unsnarls Autos

A heavy-duty tow truck was needed to free two autos which were hooked together as a result of an accident Monday afternoon at 19th and Adams streets. One auto had to be lifted.

Police reported C. P. Patel, 33, of St. Louis, was driving east on 19th street when he swerved to avoid a collision with an auto that pulled in front of him from Adams street and crashed into a parked car belonging to William H. Fricke, 58, of 2208 Cleveland blvd. It was parked facing west on 19th street. There was damage to the left front fender and door on Patel's car and to the left rear fender of Fricke's auto.

Twilight Optimists Install New Members

A new member, William D. Bartels, caramel department supervisor with the Union Star & Refining Co., was inducted into the Twilight Optimists Club during the bi-weekly meeting Monday evening at the Rose Bowl restaurant.

Floyd Mitchell, past lieutenant governor of Optimist International's 8th district, performed the ceremonies before the 20 assembled members.

Optimist President Charles Meyer informed the group of the annual Thunderbolt large excursion which would be held this Saturday for all Optimists and their guests. He stressed that the moonlight cruise through the Chain of Rocks locks would get underway around 7 p.m. from the Clark street mooring and would end about midnight. Tickets, he added, were \$5.

Marvin Waggoner, lieutenant governor of the club's 8th district, said a district meeting also would be held in Alton this weekend and interested members were urged to attend.

Newly-inducted member Bartels, also program chairman for the Optimists first quarter, entertained the group with a fast paced movie showing the intricate steps... from the germ of an idea to the racing at Indianapolis in 1952 of a radically designed diesel powered racer, built by the Cummins Diesel Co. The diesel speedster with its side-mounted engine broke all existing records in the time trials, but was sidelined late in the actual race when its turbo supercharger became clogged with waste material.

## Two Venice Clubs Net \$1437 From Festival

The Venice Lions Club held a dinner and business meeting Monday evening at the Venice-Madison American Legion home, with 32 members present. John Pier, president, presided, and a final report was given on the Venice Junior Service and Lions festival held in June at Lee Park.

Proceeds from the festival amounted to \$1437, with each organization receiving \$718. A report also was given on ticket sales for the "Venice Day" boat excursion Sunday, July 31.

## Two Disarmed After Flourishing Weapons

Flourishing of weapons in Volok's tavern, 500 State street, Madison, led to the arrest of two East St. Louisans Monday afternoon, police reported.

Those booked were Orval Hamblin, 42, an unemployed ex-convict, who had been arrested by Madison police in 1953 for disorderly conduct, and Norman Charles Hamilton, 34, unemployed.

Hamblin had a foreign-made .37-caliber automatic pistol with seven live shells in the clip, kept in the waistband of his trousers with the gun facing his right hand, and Hamilton had a pocketknife in his right pants pocket, officers said.

Called to the tavern at 1:55 p.m. Monday, police were informed that two men had been creating a disturbance there, with one flashing a gun and the other displaying an open pocketknife.

## GC Man Named Safety Supervisor For Olin

Gordon F. Rhine, who was appointed safety supervisor for the East Alton plants of Olin Matheson, Rhine resides at 2114 Woodlawn avenue.

Rhine joined the U. S. Defense Corp., an Olin subsidiary in St. Louis, in 1951 as a safety engineer. He was transferred to the local plant in 1957 as a safety inspector. Previously he had been associated with Factory Mutual Fire Insurance Co. as an inspector, and with General Steel Castings Corp. as a safety engineer.

## Iron Curtain Escape To Speak Here Saturday

A former Pastor-Evangelist in the once Free Republic of Latvia, now a Russian satellite country and a former inmate of a Russian labor camp, Rev. Peter Knezhka, will speak on the dangers of Communism to Christianity in a unique message Saturday, at Bend Road Baptist Church, starting at 7:30 p.m. The public is invited to attend.

After the Russian occupation of his country in 1940, Rev. Knezhka, who lives in Jacksonville, Fla., was sentenced to a labor camp and many of his relatives exiled to the coal mines of Siberia.

A series of coincidences reunited the family in Germany, where they continued to wander as displaced persons from camp to camp in the Western Zone.

Through the sponsorship of an American friend, they entered the U. S. in July 1949, and Rev. Knezhka began his mission of warning the American people of Communism, even though, unable to speak English. His first lectures were interpreted through his wife.

## GC Steel Takes Industrial League Lead With Victory

Granite City Steel defeated Granite City Postmen 11-8 last night in a hard-fought industrial league contest in Lee Park, Venice, to take undisputed hold of first place. The winners came up with 16 hits and only two errors to cancel the Postmen's eight hits. The losers chalked up three bobbles.

Working on the mound for the steel-men were Paul Etherton, who lasted one and a third innings, and Jim Childers, who finished out the five and two-thirds remaining frames. George Cook was ported behind the plate.

For the Postmen, it was Carroll Tingley going the route, with George Cook catching. GC Steel knocked in two runs in the second, one in the third, three in the fifth and five runs in the sixth to over-shadow the postal group's five runs in the second, a singleton in the third and two in the fourth.

The heavy scorers for GC Steel were Jerry Farnley, who in his three-for-three at bat, knocked in a homer and double, Jack Scarborough, two for four, a homer and a double five RBIs; Fred Cavitt, two for four, including a four-bagger; Lyman

## Builders, Carpenters In Negotiations Today

A meeting was still in progress at 12:30 p. m. today between the Southern Illinois Builders Association and carpenters' union on contract talks covering the period beginning Aug. 1.

Negotiations also have been conducted between the SIBA and Ironworkers' union, but no meeting is currently scheduled. Both present contracts expire Sunday.

James Monroe became fifth President of the United States in 1817. He was rejected in 1820.

## Woman And Son Burned In Explosion

A Granite City woman and her 10-year-old son were burned Wednesday afternoon when the gas dryer exploded while being connected.

Mrs. Leroy Mangiaracino, 35, of 505 Kirkpatrick Homes, and her son, Dennis, were treated yesterday at St. Elizabeth Hospital for first and second degree burns to their feet and later released. They told police the gas clothes dryer was being reconnected in their apartment after having been disconnected for installation of a tile floor.

## No-Hitter By Page In Class B Loop

A closely-fought pitching duel between Rome and Roy's Bill Page and Na-Bor-Hood Liquor's Bill Favier provided the big excitement in Tuesday night's session between the Class "B" League's respective second and third-place teams.

Page, showing sparkling control, pitched a no-run, no-hit game, shutting out the Na-Bor-Hood team 1 to 0. Neither side committed an error.

Rome and Roy's win keeps the team in contention, a game behind the leading Modern Extremists.

In the night-cap, Modern beat sixth-place Lincoln Place 10-4. The top team rapped out 11 hits, committing one error. Lincoln Place had six hits and two errors. Evans Mank went the route for the winning team, while John Lopinski did a like stint for the losers.

## Rick's Teenagers Still Undeclared

In last night's park softball program in the Teenage League, first-place Rick's Market continued its all-winning ways by bombarding the Bombers' 22-0 on 11 hits and no errors. The losers had four hits and committed five errors.

Rick's led off with four runs in the first and was never headed, adding three in the second, four in the third and one in the fourth.

The Bombers tallied three runs in the third and one in the fourth.

Winning battery-mates were Bob Hoffek on the mound and Bill Scardale catching. For the Bombers, it was Bill Stull pitching and Sarkis Nighobosian on the receiving end.

In the second game, the Warriors defeated Roca Club 12-2 on 10 hits with a perfect mark in the error department. Roca got its tallies on five hits while committing nine costly errors.

The Warriors made three runs in the first, two in the second, four in the third and three in the fourth. For Roca, the game was scoreless until the top half of the fifth, when the team tallied for two.

Winning pitcher was left-hander Bob Summers. Vic Buehler did the catching. The losing Bombers had Clyde Myers on the mound and Pat Schuman catching.

## Meadow Heights Wins, Calvary Edges Second Baptist Team, 15-14

Taking full advantage of a hot night at Lee Park in Venice, Meadow Heights pulled out all stops against the First Baptist team, smothering it 14 to 1 and pile-driving to within a half-game of the idle Grace team, current leader of the Baptist Slow Pitch Softball League.

With a thought to mercy as well as to the stifling heat, the Meadow players blasted in all their runs during the first five innings and ended the game under the "ten-run rule."

Bill Lemond hurled the slow-pitch for the winners, with Bob Borders on the receiving end. Frank Whitworth was on the mound for First Baptist, assisted by Paul Baker behind the plate.

For Meadow Heights, Jerry Bauman had two for three at the plate. His big one came in the third; the sacks were loaded, and Bauman clouted a home run. Later on, he doubled.

Fred Alley collected four for four at bat. In succession, he walked a homer, three-bagger, double and single.

Other Meadow men on the war-path were Ray Watson with a round-trip ticket, Bud Williams on with a pair of doubles, Jim Cuff with a double and Ray Wayne, two for three. The winners garnered 16 hits and one error to First Baptist's three hits and seven bobbles.

In the second game, between Calvary and Second Baptist, the tules ran high for both sides and it wasn't until the bottom of the seventh inning that Calvary managed to squeak in the fatal tally, making it 15-14.

Both pecked out the same number of hits, 16, but Calvary made a lucky seven errors to the losers' unlucky 13.

The hotly-contested game had Virgil Harris and Gary Harris doing the pitching and catching chores for Calvary, with Rev. W. L. Showers taking to the mound for Second Baptist and Lionel Portell receiving.

The big inning for Second Baptist came in the top of the seventh. The team was behind 15-10 when Norman Hessler, hitting three for five, came to bat with a teammate on base. A grand-slam homer afforded a 14-13 lead, but the game wasn't over. Two singles and a double by Calvary in the final half turned joy to grief for Second Baptist. John Bivins' double decided the game. For the winners, Virgil Harris went four for five and Frank Knight three for four.

For Second Baptist, in addition to Hessler's big blast, Ralph Craycraft had three hits for five, which included a homer and double, and Duane Burnett, three for four, also homered.

## St. Mary's Teams Win

St. Mary's teams in the Madison Lions Khoury boys' baseball league won two games over Wood River squads last night. The Midget Division nine won the 7-1 in a second-place playoff game at the Third street diamond, and the Bantam Division team winning 11-2 as Catcher Bill Gavitsky homered and Tom McVoy collected three hits. Andrew Ratkiewicz pitched for the Midgets and Greg Wasylak hurtled for the Bantams.

## Park Takes Groups To Grant's Farm, Illinois Capitol

As part of its summer recreation program, the Granite City park district sponsored two trips Tuesday. 77 children aged seven and eight going to Grant's Farm in Missouri on a chartered bus and 150 in the nine-to-12 age group going on two buses to Springfield.

The tour of Grant's Farm was led by Lee Reid, and Recreation Director Harold Brown supervised the Springfield journey, which included a tour of the state capitol building and legislature, the offices of Gov. Stratton and Secretary of State Carpenter, the state museum, Lincoln's tomb and New Salem State Park, where sack lunches were consumed. Soft drinks were taken to Springfield by the park district.

Each child received a photograph of the governor and a gold seal of the state. They were picked up at each of the recreation centers beginning at 8 a.m. and returned to the same locations at 7 p.m.

MADISON RECREATION PROGRAM is being conducted this summer by Bob Fink, shown helping Ricky Heatherly, 1800 Second street, with his batting stance. Fink is a former Madison high school baseball player.

### Wheel, Brake Drum Found

A wheel and tire found by a Nameoki station fireman on a road was turned over to Granite City police yesterday morning. A portion of a brake drum was attached to the black wheel, and police surmise it might have come off a tandem-wheel trailer, unknown to the owner.

### Collision Today

Involved in an accident about 7:15 a. m. today at 22nd street and Washington avenues were autos driven by Wayne Wilson, 27, of 2433 Missouri avenue, who was traveling north on Washington, and Edgar M. Weiss, 54, of Highland, who was going west on 22nd street. No injuries were listed.

## Park District Summer Sports Camp Activities To End Next Thursday

The Granite City park district's summer sports camp, with a regular enrollment of 163 boys, reaching intermittent peaks of as high as 400 active young participants, will wind up "a most successful season" next Thursday, Park Recreation Director Harold Brown said today. Concurring with the director's announcement were the camp instructors, Joe Fedora and Conrad Champion.

The seven-week summer camp program, operating on a Monday-through-Friday basis from 9 a.m. to 4 p.m., has included a variety of wholesome activities and basic skills necessary to the growing demands of well-rounded youngsters, Brown added.

Among the multitude of outdoor activities of special interest to the youths were basketball, swimming, football, trampolines, volleyball and basketball. Favored indoor recreations included soda treats and free lunches at the Grand Cafe.

Brown said he expects an even bigger and broader program for next year.

## Patrolman's Son Falls From Bike, Injured

Injured about 11:30 a.m. Tuesday when he fell over the handlebars of his bicycle, Robert Arney told police he was driving north on Madison avenue and was starting to pass another vehicle. When a car approached from the other direction, he swerved to the left to avoid a head-on collision. The left front end and two fenders of his car were damaged.

Richard Bell, 3009 Forest avenue, was transferred to St. John's Hospital, St. Louis, to be treated for abdominal pains. The son of a Granite City patrolman, the boy was riding the bicycle on the sidewalk in front of his home when it overturned, throwing him onto the handlebars and injuring his chest. He was taken to St. Elizabeth Hospital and later transferred to the St. Louis hospital.

X-rays showed no broken bones.

**"FELLOWSHIP SUPPER" FOR CHURCH MEMBERS**  
Mount Zion General Baptist Church held a fellowship supper last night at the church, with approximately 75 members of the congregation participating. Following the covered dish meal, an educational film, "The Christian Teacher" was viewed and later the group adjourned for individual class and brotherhood meetings.

## Voss-Pasley Nuptials

Announcement was made this week of the marriage of Miss Judith Mae Pasley to Melvin Lloyd Voss, son of Mr. and Mrs. Paris Voss of O'Fallon, formerly of Granite City. The former Miss Pasley, a daughter of the late Mr. and Mrs. Guy L. Pasley, Madison, resided with her brother and sister-in-law, Mr. and Mrs. Leonard Pasley, 2617 Denver street.

A rose arbor, surrounded with stately trees, formed the setting for the one o'clock ceremony, performed July 23, in the garden of the bridegroom's home at O'Fallon, with Rev. William Koonce, pastor of the First Baptist Church, O'Fallon, officiating. The bride, who was given in marriage by her brother, Leonard Pasley, wore a white gown of white orlon, designed with a simple neckline and three-quarter length sleeves. A tulle of white orange blossoms secured her bridal bouquet of white carnations.

Miss Mary Ellen Pasley, the bride's younger sister, was her only attendant, while the groom was served by Brad F. Bradshaw as his best man. Groomsmen were Harold Taylor of Madison and Cletus Meadows of O'Fallon.

Fifty guests attended a reception immediately following the ceremony. The bride attended Granite City high school, as did her husband, who recently completed three years in the armed forces. The newweds are at home at 1620 (rear) Delmar avenue.

## HANFELDERS' VISIT IN CAPE GIRARDEAU

Mr. and Mrs. Walter Hanfelder, Thorndale drive, Mitchell, are home again after spending a few days in Cape Girardeau, Mo., where they were hosts of guests of their son-in-law and daughter, Mr. and Mrs. J. R. Williams.

They also visited their granddaughter and her husband, Mr. and Mrs. Art Knute and great-grandson, Matthew, who will be leaving next month to make their home in Litchfield, where Knute has accepted a teaching position with the Litchfield school system. Mrs. Knute is the former Miss Leah Rhea Williams of Granite City.

The road up is never easy, but it always gives satisfaction.

MR. AND MRS. RICHARD LEE RAPPIS, whose wedding took place Saturday at St. Joseph's Catholic Church. Before her marriage, the bride was Miss Joyce Willich, daughter of Mr. and Mrs. Mike Willich, 2021 Fourteenth street. The bridegroom's parents, Mr. and Mrs. Albert Perotko, reside at 2122 Lincoln avenue.

## Inspection Official Visits Job's Daughters Bethel

In a setting of Japanese lanterns and large colorful oriental umbrellas, Bethel 43, International Order of Job's Daughters, held an official inspection, Tuesday evening at the Masonic Temple.

Mrs. Elberta Schelling, inspection officer and past guardian of Bethel 42, Collinsville, officiated during the ceremony. Later, Miss Betty Champion, honored queen, and members of her executive group conducted an initiation ceremony for four candidates, Misses Pamela Puller, Margaret Cathey, Linda Williams and Karen Cottrell.

The remainder of the evening was spent socially and refreshments were served to 75 members and guests.

The table decor conformed to the Japanese theme with a large doll centering each, cleverly dressed in clothes representative of various phases of Japanese life.

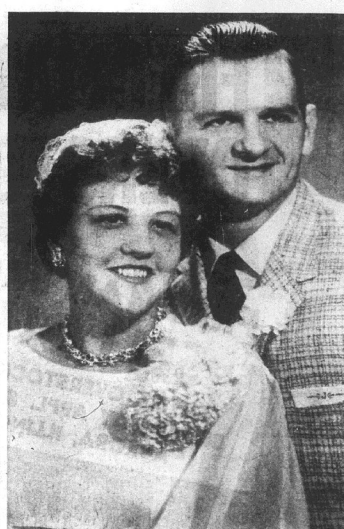

Favors placed for each guest were miniature parasols.

## Christie Fox Honoree

Mr. and Mrs. John M. Adams entered with a children's party Wednesday evening, at their home, 3241 Fehling road, in observance of the sixth birthday of their daughter, Christie Fox. Games were played and refreshments were served by the hostess with a large birthday cake, shaped to resemble a pink elephant, used as the table centerpiece. Gifts were presented to the honoree by her family and friends. Awards at games were won by Jayne and John Matras.

Other guests were Johnny and Debbie Avery, Grant Pellet, Jimmy Throne and the honoree's brothers, Brian and Michael Fox.

Philadelphia had its first charter as a city in 1701.

MR. AND MRS. JOSEPH J. HARTMAN, who were married by Justice of the Peace Phillip S. Androve, in a civil ceremony, Saturday afternoon. The former Miss Patricia Armour is the daughter of Mr. and Mrs. Comer Armour, 1425 Sixth street, Madison. Mr. Hartman's mother, Mrs. Alice Hartman resides at 1311 Iowa street, Madison.

## REPUBLICAN WOMEN SERVE AS HOSTESSES

Several members of the Granite City Republican Women's Club served as hostesses at Madison County Fair, Highland Wednesday, where they staffed the public information booth.

Those assisting in the project were Mrs. Vernice Wortman, local club president, Mrs. Pearl Thomas, Mrs. Wilma Jeger, Mrs. Hazel Atchison, Mrs. Gayla Robertson and Mrs. Grace Hoedebecke.

## ENTERS HOSPITAL

Mrs. Donald Muskin, the former Mary Penrod, 2230 Washington avenue, entered St. Luke's Hospital, St. Louis, yesterday for tests and treatment.

## Quilting Guild Meets At Church

The Ladies Quilting Guild of Mitchell Presbyterian Church met Tuesday at the church with members adjourning at the noon hour for a covered dish luncheon. Quilting was resumed following the meal and continued throughout the afternoon.

Members present were Mrs. Avelon Young, Mrs. Josie Mitchell, Mrs. Agnes Butler, Mrs. Orr Phillips, Mrs. Gerry Howard, Mrs. Emily Jones, Mrs. Donna Colbert, Mrs. Ida Hanfelder and Mrs. John Digiacomo.

## RETURNS TO COAST

Mr. and Mrs. Paul Grundon, 2664 East 24th street, have been entertaining as house guests, their daughter, Mrs. Sidney Vaughn, and grandchildren, Nancy, Cindy and Jennifer, of Pomona, Calif., who returned home this week. The visitors arrived here by jet plane over a month ago and spent part of their holiday at the home of Mrs. Vaughn's brother-in-law and sister, Mr. and Mrs. Robert Butler, 3164 Aubrey avenue and with her mother-in-law, Mrs. Sadie Vaughn, 1317 Edwardsville road.

### Social Planning Group Endorses Health Dept.

The executive board of the Madison County Social Planning Council voted to endorse a County Health Department at its meeting Monday night in Alton. Harold K. Fuller, executive secretary of the Illinois Public Health Committee, showed slides on how such a department would benefit the county.

The council also voted to endorse the forthcoming bond issues on public welfare and university funds, and made plans for attendance at a special youth meeting in Edwardsville on Aug. 30.

### Scout Troop 13 To Hoist Old Glory Saturday

Scout Troop 13 will participate Saturday at 1:30 p. m. in a flag-raising ceremony at St. Elizabeth's Church, Publicity Director Cy Walker announced today.

The occasion is unique, Walker added, in that a new 30-foot metal pole will be erected just prior to the hoisting of the 50-star "Old Glory."

About 3100 lives were lost in tornadoes, hurricanes and floods in continental United States from 1930-59.

### County Bar Group Approves Salary Proposal For JPs

A tentative salary schedule for justices of the peace, when their offices are filled by election on a district basis next year, was approved Tuesday by the County Bar Association during a meeting in Edwardsville. Harry Briggs, chairman of the legislative committee of the county board of supervisors, said the meeting was held with John Dunfer of Granite City, president of the association, State Rep. Ralph Smith, assistant State's Atty. Joseph Bartylak of Collinsville and County Clerk Eulalia Holtz.

The salary approved, as set up by the committee, calls for \$5000 a year, with an allowance of \$3600 a year for a clerk and \$1800 for expenses.

The next step is for the salary schedule to be approved by the county board's finance committee and then by the board itself. This action is expected to be undertaken by the September meeting of the board.

The legislation committee also set up a tentative plan of districts for the justices of the peace, five in number, though Briggs said the breakdown could be subject to change before presentation to the county board. Established as to population, the districts are tentative, he said, until township population figures are obtained.

As set up by the committee, the districts — which Briggs said are as yet unnumbered — are as follows and include the following townships: First, Alton, Godfrey and Foster; Second, Wood River, Chouteau (precincts two and three), Ft. Russell and Moro; Third, Venice, Granite City, Namecki and Chouteau (Precinct 1); Fourth, Collinsville, Jarvis, St. Jacob, Hevelia and Saline; and Fifth, Edwardsville, Pin Oak, Marine, Alhambra, Hamel, Leef, Orphersheim, Olive and New Douglas.

### TV Salute To Community

The Chain of Rocks canal and locks, Engineers' Depot and All-American City award will be highlights of a salute to the Quad-Cities during one of two commercial periods on tomorrow's 10 p. m. newscast on TV Channel 4. The program is sponsored by the Falstaff brewer and its local distributor, Namecki-Murdoch.

### LOCAL SCUBA CLUBS

**GUESTS OF ALTON CLUB**  
Two local scuba diving clubs, the teen-age Kingfish club and the family Bubblebustlers club, were guests Sunday of the Alton Diving Club at Robin Hood country club, just north of Carrollton, Illinois.

The Kingfish club held a training dive under the direction of Al Mueller and Ron Homyer, training instructors at the "Y," and then held a steak fry at Carrollton Park. Those attending the dive and picnic were Jeanette Gize, Pamela Lakatos, Darlene Ritz, George Carter, Glen Cornelison, Jack Ritchie, Roy Vaughn, Carper Cooper, Bob King, Quentin Hoover and Ronald Burton.

The Bubblebustlers enjoyed skin diving in the early afternoon with the Alton club and had a fish fry in the evening. Members attending from the local club were Mueller and sons, Forrest and Mike, Mr. and Mrs. Homyer and children, Greg, Peggy, Jeffrey, and Russell, Mr. and Mrs. Arthur J. Evenden, Mr. and Mrs. Louis Brown, Mr. and Mrs. Jim Leone and sons, Pat, Mike and John, Mr. and Mrs. Carl Krohn and children, David and Susan, Mrs. Vivyne Durbin, Bill Martin and James Hagen.

### LITTLE LEAGUE

**MID-SUMMER MEETING**  
The Nameoki Little League met Monday evening at the Nameoki Presbyterian Church. Ron Homyer, president, was in charge and presented a report on the all-star game last week in Chester.

A discussion on the number of games to be played by each team next year was held, and a report was heard on the discontinuing of uniforms for the minor teams after this season. Claude Schwendemann presented a report on the new concession stand operated by the Little League at Wilson Park during the July 4 celebration. Others attending were Mr. and Mrs. Bob Meintrap, Lacy Ricks, John Evans, Marvin Smith, John Haynes, Ray Bridges, Ray Waffler, Walter Spielman, Charles Doty, Glenn Hagan, Hartman, Frank Farrow and Mrs. Vivyne Durbin. The date for the next meeting will be announced later, with all members notified.

### FAMILY REUNION

**AT WILSON PARK**  
Members of the Graham family enjoyed a family reunion picnic at Wilson Park Sunday afternoon. The adults played ball games and the children played games and enjoyed the playground equipment of the park.

Attending were Mr. and Mrs. Gerald Lux and sons, Jerry, Gregory, Timothy and Jeffrey. Mr. and Mrs. Roy K. Graham, Miss Judy Graham, Roger McNealey of Edwardsville, Miss Graham, George Scrabble, Miss June Allendorf and son, Mark of St. Louis, Mrs. Jack Graham and son, Rick of Gallup, N. M., who is here visiting her mother, Mrs. Bettie Kummer of St. Louis, and Mr. and Mrs. William Graham and daughter, Gayle, of St. Louis. Mrs. Joe Prenavo and Mr. and Mrs. John K. Graham, sons, Jackie and Jay, of St. Louis.

### MRS. DORAN HOSTESS

Mrs. Mary Doran entertained the Over 21 club Monday afternoon in her home, 4123 Bode avenue. Games were played, with Mrs. Dorothy Ruten holding the highest score and winning first prize. A dessert luncheon was served by the hostess to Mrs. Rutan, Mrs. Florence Borders, Mrs. Kathleen Hehle, Mrs. Betty Matheny, Mrs. Leona Johnnesse and Mrs. Mary Feurich.

For the Aug. 1 meeting, the club has been invited to the home of Mrs. Rebecca, 1400 West Pontoon road.

The Christian Youth Fellowship of Central Christian Church met at the church Sunday evening. Allen Kennerly, newly elected president, was in charge. The main topic of discussion was a new name for the group and various names were submitted. Nothing definite was decided. The group decided to hold executive board meetings, and the first will be Aug. 3 at the church. A report on the group's trip to Overland was given by Miss Peggy Lipford.

Study lessons were led by Miss Carolyn Butler, and the worship service by Kennedy. Miss Walker was in charge of recreation, and different games were played. The meeting closed with the "friendship circle," and refreshments were served to Miss Carolyn Butler, Miss Betty Byrnes, Miss Cindy Lassiter, Miss Martha Spengler, Miss Mary Krouse, Bob Schumacher and the sponsor, Mrs. H. B. Lipford, by Miss Walker and Miss Carolyn Butler.

The Ladies Mission met in the home of Mrs. Joseph Hilthreth, 2819 Nameoki drive, Monday evening. The title of the lesson was "Faith." It was taught by Mrs. Ann Hagan.

Refreshments were served by the hostesses, Mrs. Womack, McQuinn, Mrs. Frost, Mrs. Ann Fowler, Mrs. Bonnie Lazenby, Retha Fowler and Mrs. Virginia Odom.

The Bethesda Baptist Bible school will end with a graduation Monday afternoon. The school was held at the home of Mrs. Hilthreth.

## LOOKS GREENER

Half the people of the world always wonder how the other half got such easy jobs.

The Church of Sweden now has its first three women ministers.

exercise tonight at 7:30, with the public invited. There were 120 enrolled, with an average attendance of 95. Rev. Austin Fisher is the pastor. The picnic will be held Friday at noon at Wilson Park.

## Schools To Confer With Park District On Joint Sites

Possibility of using school grounds for neighborhood playgrounds as well as school campus was revived Tuesday afternoon by the Granite City school board, which asked Superintendent H. Kaiser to discuss the proposal with park district officials.

Specifically, the board is interested in developing playgrounds at the Wilson avenue grounds at the Wilson avenue school in the Glenview area at this time. Legal requirements appear to rule out dedicating part of the ten-acre site to the park district or anyone else, but it is felt that some other arrangement may be possible.

Neighborhood parks and play centers have been a long-range goal of the park district, in the hope of affording convenient services in many sections of the community as well as offering the principal park program at Wilson Park. Several such centers have been established in recent years, including locations in West Granite, Tri-City Park and Maryland Place.

No Joint Purchase  
Joint purchase of school and park sites was actively discussed several years ago, but did not become a reality due to many technicalities that would have had to be worked out in a short period of time during preparations for the 1957 school bond issue.

As an alternative, the school district now suggests a less official division of the grade school sites, such as the ten-acre tract of the new schools on Wilson avenue, Maryland road and East 23rd street.

The Maryland and East 23rd areas are not completely built-up as yet, but the Wilson avenue area has been surrounded by homes and appears to be the most logical place for playgrounds in that area, board members commented.

The topic arose during a board discussion of tall weeds growing near some of the schools. Landscaping plans had been developed for the three new grade schools and new junior high school but were not carried out due to lack of funds.

Farming Proposal  
Since portions of the sites are not yet needed—being purchased for future growth—a suggestion to lease part of the land for farming was discussed. This would help control the weed problem and might produce revenue for the district, it was noted.

Any decision on the farming proposal was deferred until it is learned whether the park district is interested in discussing joint use of one or more of the campuses.

In the last bond issue program, the district obtained 20 acres for the West 25th street Junior high school, where an athletic field and other facilities are planned, as well as 10 acres for each of the elementary schools.

Older school grounds are not that large, although the joint high school-Coolidge junior high school campus is believed to afford ample space for present programs and such future additions as ball diamonds.

In discussing the annual task of keeping up with grass and weeds, President Homer Huber said it may be wise to purchase additional large mowing equipment, since only one large machine is in use at present. Utilization of rotary power mowers by school custodians is to continue.

WAY OF LIFE  
The joint that sends the little potatoes to the bottom always brings the big ones to the top.

More than half the automobiles and trucks in the United States are produced in Detroit.

5th Generation Arrives For Kelley Family  
The birth of infant Brian E. Kelley yesterday morning at Jewish Hospital, St. Louis, was cause for excitement in the family, starting with his parents, Mr. and Mrs. Francis Kelley, 2104 Washington avenue, to his great-grandmother, Mrs. Georgia Tucker of St. Louis, who recently celebrated her 102nd birthday.

The eagerly awaited infant, whose weight is nine pounds four ounces, is the fifth generation living, on the maternal side. Grandparents are Mr. and Mrs. Edgar Howard, 1935A Grand avenue, great-grandparents are Mr. and Mrs. Dave Howard of Leasburg, Mo., and Mrs. Tucker, his great-grandmother.

Mrs. Lorrie Parker of St. Louis is the paternal great-grandmother. With the exception of Mrs. Kelley, the former Miss Jennifer Howard of St. Louis, all members of the five generations are former Granite Cityans.

## Meeting On Blood Program Friday

A cooperating Red Cross blood program proposed for the Quad-Cities in which local organizations and individuals who participate, will be explained during a public meeting at 7:30 p. m. Friday at Labor Temple Hall No. 2 on the second floor. The Labor Temple Association is donating use of the hall for the meeting.

The program and the ways it differs from the full-scale or participating blood program were explained yesterday by Val Cox, AFL-CIO Community Services area director, in a talk to the Madison Rotary club. He was introduced by Francis Lahey, program chairman.

Representatives of Alton, Edwardsville, Belleville and East St. Louis blood programs will attend the local gathering, and those speaking will include A. B. Smith, Midwest Red Cross-AFL-CIO liaison officer.

### DISPLEASED WITH PARK MAINTENANCE

I want to direct this letter to particular to general public and B. Loman, park chairman. I am writing this letter to invite general public of Granite City to come and see our new park in Tri-City Park.

It is beautiful with some wild sunflowers and other weeds higher than a man on horse back. I can't understand and no one else understands what keeps our park board from doing just minor jobs to make it usable for the people in this part of the city. If park board had a supervisor of the parks we out here would have some benefit.

I am sorry that I have to write such letters but people out here always ask what is the matter with the park, there are

no finances. They hold back with all the taxes taken in. I wish Mr. Williams would get someone else to do the work in our park.

I thank you,  
S. BLADA,  
2058 14th street.

### DOUBTS THAT CONVENTION FOLLOWS PEOPLE'S WILL

One great show behind us, we are ready for the next one. We mean of course "Party conventions." If the nominating procedure for the highest office of our country, that of the presidency, as we had the opportunity to view on our television set last week, bore the slightest resemblance of expressing the will of the people, we failed to see it.

To those viewers not active members of the democratic party but due to its glorious past favor it, the activities at this democratic convention was nothing but a performance by machine politicians.

The nominee of the people at large, including the people of Illinois, in particular Madison county, it was obvious to every

viewer, was former governor Stevenson of our state.

The spontaneous ovation this man received was heartwarming, we believe, to everyone. Why the delegation of Illinois, including its brass band, participated in the demonstration for this great man and gave him only two votes, we probably will never know.

At one time we saw a banner in the demonstration for Kennedy stating "Illinois for Senator Kennedy," but when the camera was focused on banner and bearer, the bearer turned it with a flip so the television viewer saw the blank side of the banner. Why?

Not to exceed the limit of this letter, let us hope in conclusion that the democratic party did not alienate the affection of many people next November for our country more than ever needs a statesman like Stevenson. If the Republicans should nominate Stevenson's counterpart in their party, governor "Rockefeller," the demo-

crats may not say "Herring!" until they hold it by its tail.

JOSEPH KEUENHOFF.

### ALL SHOULD DO THEIR BEST TO SERVE GOD

When we think about the problems of life, sometimes we are discouraged, for things are not what they seem. This is so real that it may become discouraging to living. Is there an answer? Bulah and I have been considering these things and we know there is a spiritual answer to the problem.

When we look at someone else, the sky is always bright and blue. We can always find something good or bad in the other person. Yet when we examine ourselves... the flaws do not show up. Sometime ago Debble came up and threw her arms around Mother saying, "Mommy I try to be a good girl... but Jesus Christ grasped me. I do concentrate on this. I leave the past behind and with hands outstretched to whatever lies ahead, I go straight for the goal!" May God bless you.  
Rev. John N. DiGiacomo; D.D.

see other folks living the exact denial of our ideals. Yet... in our living, are we upholding them? We expect perfection in others... yet we are imperfect. Why such a paradox? Does God expect us to be perfect? God knows that we are sinful men and women. God knows that we shall never be perfect. Yet He wants us to do our best. We can do our best and know that it will never be perfect. We can strive to attain or work toward the goal. This is what God expects of us. If it wasn't for you putting my first letter in the paper, I would have never gotten the response I did.

So far I haven't received any of the clothing, but I know no matter what size or condition they are in, it will make a lot of these unfortunate children very, very happy.

It also gives me a big feeling of pride and happiness to know that I helped in a very small way to make them happy. I am now asking that you put a small letter of thanks to all the wonderful people concerned. I would like to have a special

### GLAD CLOTHES ON WAY TO OKINAWA CHILDREN

Dear Sir:  
I have written you once before about a "People to People" program. Now I am trying to write a letter of thanks.

I don't know just how to say it. The only thing I can say is that they have made me very happy. So just thanks.

### OPPOSES TWO-WAY TRAFFIC PLAN

To the Editor:  
Granite City Press-Record: I don't think two-way traffic downtown will solve the problem.

I get the impression that our local merchants want two-way traffic to help stimulate their business. I think two-way traffic will hurt them more than it will help them, by confusion, traffic congestion, and the increased hazards to pedestrians. Next there will be the need for electric signals at the corner of 18th and State. In the long run it will cost the city money.

For my part, if a merchant has what I want, I'll get to his shop no matter where he is located. St. Louis has one-way traffic downtown and continues to take business from Granite City.

For my part, if a merchant has what I want, I'll get to his shop no matter where he is located. St. Louis has one-way traffic downtown and continues to take business from Granite City.

Walter Nomm said that "we bypassed other streets" to include West 20th street and Leyden ave. at the urging of the Granite City Civic League.

This is a direct attempt by Walter Nomm to discredit the Civic League and to make the residents of these "other streets" believe that the Granite City Civic League was responsible for their not getting the street improvements they had requested.

Walter Nomm also wishes for the Civic League to cooperate with him.

This can be said about the Civic League, when Walter Nomm in our opinion, starts working for the best interest of the people of his ward and Granite City as a whole, the Granite City Civic League will cooperate with him or any one else.

Yours,  
For a Better Granite City  
GRANITE CITY CIVIC LEAGUE.

SAYS MRS. BETINEC IS "WOMAN OF COURAGE"

AT BOTTOM OF PRIORITY LIST  
Mr. C. E. Townsend, Editor of the Granite City Press-Record, Granite City, Illinois, wrote to the City Council:

Dear Mr. Townsend:  
The City Council accepted a bid for improvements to Cayuga St. in the amount of \$18,897. This expenditure was not approved by all the aldermen in the Council. Although true representation is indeed in a minority, it is gratifying to know that all members of our city governing body do not feed the political kitty with their votes.

Even our most fair minded citizens thought the original figure set at \$100,000 for Cayuga was unreasonable. Everyone felt the Council was not looking after the interest of the people in a proper manner when a second appropriation was whittled down to \$80,000. We feel the final figure of \$18,897 is the crowning insult to each and every taxpayer in the city of Granite City.

While the difference between the original request for \$100,000 and the final appropriation of \$18,897 is considerably less, we feel the majority of our aldermen could have voted more wisely on the expenditure of our sales tax monies. This is revenue from the city to be used at the discretion of our councilmen. In voting for this measure, it has proved to be their indiscretion.

Under a priority system of street improvement, Cayuga would be at the bottom of the list. This disregard for the opinion of the people can only be classified as catering to a personal and selfish whim. At the taxpayer's expense. Such unfair use of our city's sales tax money should be remembered when they solicit our votes in next year's election.

Yours truly,  
MRS. LILY P. CHABOUDE  
2865 Ralph St.  
Granite City, Illinois.

Smoke But No Fire  
Madison firemen were called across the street from the fire station this morning, but found only an overheated pan of eggs on the kitchen stove of an apartment at 1314 Third street. Left unattended, the pan caused smoke which was seen emerging from a window, resulting in the alarm.

Recent eruptions of Kiluaea volcano in Hawaii formed a lava pool that may take a century to cool.

## Thief Uses Scissors In Burglary Attempt

A pair of scissors was used to bore a hole in a door at Albright Cleaners, 2208 Madison avenue, in an apparent burglary attempt which was discovered Monday afternoon.

George Valicoff, proprietor, told police a rear door had been left unlocked and the would-be thief entered the building sometime during the past week when the shop was closed for a vacation period.

The scissors, obtained from a work table, was used to gouge a hole in a door between the shop and office. Nothing was taken, and the only damage reported was to the scissors and door.

## Boys Admit Taking War Souvenirs

Five boys were taken into custody by Madison police Monday and Tuesday in connection with theft of war souvenirs, an electrical timer, paper, pencils and other items from an unoccupied residence and store building at 1342 State street July 24. The material was stored in boxes in the side building, which is owned by James Pantagis, 1309 Grand avenue.

Most of the stolen articles are being recovered, and the boys have been placed under supervision of the Madison police youth officer. Those residing in Granite City are 13, 10 and nine years old, and those living in Madison are 13 and nine.

**Youths Admit Burglary**  
Two Eagle Park Acres youths gave signed statements to Madison police yesterday admitting that they broke into Rosalie Harrison's confectionery, Roosevelt and Harrison streets, Eagle Park Acres, about 3 p.m. Monday, taking \$3 in coins. Entrance was gained by damaging a screen door.

The investigation was conducted by the Madison department in cooperation with Special Deputy Bill Gathwright of Eagle Acres and Deputy Sheriff Booker Walton. These looked on burglary and larceny complaints signed by Assistant State's Attorney John Gitchett were John L. Foster, 18, and Thomas Hall, 17.

The two were taken to the county jail last night in lieu of \$2000 bonds and are to be returned to Madison for preliminary hearings at 11 a.m. Saturday.

**500-Pound Unit Stolen**  
A freezing unit, made of copper and weighing 500 pounds, was stolen from the Hyman Michaels scrap metal firm, 1310 Broadway, Venice, some time Tuesday night, police were notified yesterday. It was the fifth nocturnal theft there this month, two involving metal and three involving machines.

It is believed the unit was placed on a hand car, pushed out of the west gate of the yards and then loaded onto a vehicle underneath a railroad viaduct.

**Tavern Burglary**  
About 20 half-pints of whiskey and vodka and \$8 in quarters were stolen from the backbar at the Evergreen Tavern, 2818 Nameoki road, in a burglary discovered about 9 a.m. Tuesday and reported to Granite City police by J. W. Evans.

Entrance was gained by forcing a rear window, and police also found a window on the north side of the building had been unlocked. It is believed the burglars carried the loot out the north window.

**2 Power Mower Thefts**  
Thefts of two power mowers were reported Tuesday in Granite City police.  
Pat Hogan, 2400 Ohio avenue, reported the theft of a grass-belt-driven mower with yellow wheels and Virgil Singler, 2438 Illinois avenue, said his yellow rotary mower was missing.

**Award Watch Missing**  
G. W. Hargrove, 2224 Benton street, reported to Granite City police yesterday that his yellow gold wrist watch bearing a Granite City Steel Co. emblem and a 25-year award inscription was missing. He reported the theft from the 20th and Park tavern.

**Woman Fined \$30 And Placed On Probation**  
Mrs. Lola B. Moehle, 47, of Kaseberg lane was fined a total of \$30 and placed on probation at \$20 of the fines were suspended yesterday by Police Magistrate Gasperovic. She was arrested Tuesday night at the home of her ex-husband, Ralph Moehle, 4101 Braden avenue, who filed a warrant yesterday charging her with creating a disturbance and destruction of property—a screen door and window screens.

She also was charged on five counts filed Tuesday night by Granite City police. She pleaded not guilty to possession of a gun, resisting arrest and assaulting a police officer and guilty to creating a disturbance, using profane language and drunkenness. The fines on those three counts totaled \$30, and she was freed on \$100 property bond on the other two police counts. Her hearing date was set for next Tuesday.

Mrs. Moehle pleaded guilty to both charges filed by her ex-husband, and the \$20 in fines was suspended in lieu of a probationary period.

## Car Overturns, Burns On Bridge

Seven persons were injured in five of 14 traffic accidents reported in and near the Quad Cities.

**Crash, Fire On Bridge**  
A 30-year-old St. Louisian, Ross Ferguson, escaped with a cut on the left arm and left shoulder and elbow injuries at about 3 a.m. today when his westbound car struck the left Chain of Rocks Bridge railing at the curve in the bridge.

Rebounding against the right railing, the car overturned and skidded for over 100 feet. After Ferguson crawled from the wreckage, it burst into flames and was demolished. Traffic was delayed by the fire and wreckage. Admitted to a St. Louis city hospital, he told St. Louis police he was blinded by the headlights of an approaching car.

**Injured On Main Street**  
Dorris Futrelle, 2433 Center street, suffered head and back injuries at 12:30 a.m. Wednesday when his car apparently went around a barricade on South Main street, Venice street at the Gulf, Mobile and Ohio Railroad crossing and struck a support of the Williams railroad highline. His car was towed to a garage, and he was taken by ambulance to St. Elizabeth's hospital, where he was held for x-ray and treatment. His condition today was described as fair.

**3 Hurt In St. Louis**  
Three Mitchell residents, a mother, her daughter and another little girl were injured Tuesday in St. Louis when the car in which they were riding was involved in a collision with a graded up truck in the 5100 block of Waterman avenue about 4:45 p.m.

The driver of the car, Mrs. Delores McKinnon, 29, of 550 Chouteau avenue, and her daughter, 11-year-old Nancy, suffered cuts to their faces and knees. The daughter also suffered a rib fracture.

The other girl, Karen Haynes, 11, daughter of Mr. and Mrs. Thomas Haynes, 185 Big Four place, was taken to Homer G. Phillips Hospital for treatment of cuts to the face and head and is expected to return home this afternoon.

The driver of the truck, Allen Brooks of Wellston, told authorities he lost control of the vehicle when the wheels caught in streetcar tracks.

**Cyclist Hit By Car**  
Struck by a car while he and a friend were riding their bicycles in Rock road, on Monday afternoon, Ernest Tooley Jr., 11-year-old son of Mr. and Mrs. Ernest Tooley, 2211 Bryan avenue, was in fair condition when admitted to St. Elizabeth's hospital for treatment of cuts to the left side of the face and a deep gash to the lower left leg.

Deputy Sheriff William Thompson said the boy and a companion were riding on a side road off Rock road and decided to cross it at Logan street, when he was struck by an auto driven by Ted Berry, 23, of 1730 Chestnut street. The owner of the car, Phillip Jaime, 35, of 1643 Spruce street, was the only passenger.

Berry told Thompson the boy rode across the road to quickly he was unable to stop in time. Thompson explained that Logan street is steep and makes a sharp turn where it joins Rock road.

Jaime explained to Thompson that he and Berry were testing the car.

**Boy Runs Into Car**  
A small boy suffered abrasions to his face yesterday evening in a mishap with an auto on the Bentonville village shopping center parking lot and was given emergency treatment at St. Elizabeth's hospital.

Police said the boy, four-year-old Thomas Newman, son of David Newman, 3778 Park avenue, ran into the side of a car being driven north in front of the stores by Beverly M. Hunter, 29, of 2914 Sunset drive. The motorist, who took the injured boy to the hospital, told police she had pulled out of a parking space only a moment before she heard someone strike the side of her auto, and the boy's cries.

**Leland H. Ralston, 61, Passes Away Yesterday**  
Leland H. Ralston, 61, Maryville, a former Granite City resident, died of an apparent heart attack at 6:15 p.m. Wednesday at St. Joseph's Hospital, Highland. He had been in the hospital eight weeks.

A resident of Granite City for 34 years until he moved to Maryville four years ago, Mr. Ralston was born in St. Elmo, Ill. He worked 38 years for the Chicago & Eastern Illinois Railroad and was a member of the Brotherhood of Railroad Trainmen. His church affiliation was St. John's United Church of Christ.

He is survived by his wife, Mrs. Regina Ralston; one son, Billie Dean Ralston of San Diego, Calif.; one daughter, Mrs. W. H. (Virginia) Gering of Granite City; one sister, Mrs. John (Doll) Benson of Grosse Pointe, Mich.; and seven grandchildren. Funeral arrangements are given in the obituary column.

Sweden is almost 1000 miles long, though seldom wider than 300 miles.

### Hulsizer-Kelly Betrothal

The betrothal and forthcoming marriage of Miss Deanna Bess Hulsizer to Keith Kelly of Venice was announced this week by her mother, Mrs. Ida Grater, 5115 Bunkum road, East St. Louis. The prospective bridegroom's parents are Mrs. Lettie Kelly, 705 Brown street, Venice, and Ernest J. Kelly of St. Louis.

The wedding will take place Aug. 26 at Immanuel Evangelical and Reformed Church, East St. Louis. The bride-elect was graduated from East St. Louis high school in 1959 and has completed her freshman year at Southern Illinois University Carbondale, where she is majoring in English education.

Her fiancé, a 1956 graduate of Venice high school also has attended SIU at Carbondale, where he studied chemistry. He is presently employed as a control chemist with Union Starch & Refining Co.

Following their marriage, the young couple plans to continue studies at SIU's East St. Louis center. The bride-to-be's father, Ben Hulsizer, also resides in East St. Louis.

### Opera Party For Junior Service Club

The Granite City Junior Service Club enjoyed an opera party Monday evening, when members attended opening night of the St. Louis Municipal Opera's seventh production of the season, "Tosca," with music by Sigismund Romberg, George Gershwin and Cole Porter.

Those attending were Mrs. Jean Ann Vrenick, Mrs. Marge Greenommer, Mrs. Mary Schaffer, Mrs. Marabeth McConnell, Miss Juanita Bell, Mrs. Thelma Jacobmeyer, Mrs. Elvie Lockridge, Mrs. Louise Kovar, Mrs. Virginia Judd, Mrs. Peggy Koadina, Mrs. Evelyn Morris, Mrs. Dina Fox, Mrs. Della Pauly, Ladies' Coterie representative to the Junior Service Club, and a guest, Mrs. Mary Lou Worthen.

The club continues its policy of adjoining regular meetings during the summer months. However, members and their families will hold a pot-luck picnic supper at Wilson Park in August with Mrs. Ruth Raffert serving as arrangement committee chairman.

Executive board members plan to meet Aug. 8 at the home of Miss Bell, 2220 Washington avenue for a review of the coming year's program.

### Ann Rutledge Lodge Meets

Mrs. Daisy Ross, male grand, presided at a stated meeting of Ann Rutledge Rebekah Lodge, Monday evening, held in the IOOF Hall on Nameoki road. Tentative plans were outlined for the annual "Noble and Vice Grand Night" to be given in September, when guests are entertained from several lodges in the vicinity.

Members signed get well wishes for Rudolph Petrie, husband of a former member, now residing in Lenzburg, Ill., who recently was hospitalized for some time. Mr. and Mrs. Petrie were hosts to the lodge members and their families for a picnic outing the previous day.

The evening concluded with refreshments served to 13 by Mrs. Ross, lodge hostess chairman.

## Prizes, Rules For Jaycee Fishing Rodeo Aug. 20

The Granite City Junior Chamber of Commerce is continuing with plans for its annual Fishing Rodeo Saturday, Aug. 20, at the Horseshoe Lake Road and Gun Club from 10:30 a.m. to 2:30 p.m.

With bicycles as the major prizes and numerous prizes to be awarded to participants from each city, the contest is open to all children and teenagers up to 15 years of age who live within the city limits of Granite City, Madison and Venice.

First prize will go to the heaviest fish, second to the longest and third to the first caught. Registration blanks will be available until the Aug. 17 closing date at the three local police stations. Jaycee members on the rodeo committee are President Earl Parsons, Project Chairman Stanley Lucas Jr., and

## Five Local Boats On Trip To Nashville

Five sports cruisers, operated by Granite Cityans, are due to return this weekend from a river trip started last week to Nashville, Tenn.

The group plans to spend several days at Nashville before the return jaunt.

In the party are Mr. and Mrs. Ray Simmons, Mr. and Mrs. Harvey Weaver and son, Harvey, Louis Rushing, Mr. and Mrs. Harry Jeffries and Sidney Dauterly.

They left from Clonk's landing on the Mississippi River in five 18-foot boats.

## Inter-City Teams Hope To Gain Ground In Games Here, White City

Merced's and Sacred Heart, the two Quad-City entries in the Southwestern Illinois Inter-City Baseball League, will attempt to gain ground in their battles for division leads at 2:30 p.m. Sunday. The Merced squad will play host to Highland at Wilson Park, and the Hearts will travel to White City.

McAteer-Glass of East St. Louis, currently tied with Merced's for top spot in the Blue Division, will entertain Carpenter, Ill., Sunday afternoon. Meanwhile, McKeen's Buick of Collinsville, a half-game ahead of Sacred Heart in the Red Division, will welcome State Savings, a team that defeated McKeen's 7-2 last weekend.

In Sunday's fifth contest, Troy will visit Maryville. Based on identical pairings only two weeks ago, Merced's Sacred Heart, McAteer, McKeen and Troy rank as favorites in Sunday's round.

The July 17 games saw the Hearts nose out visiting White City 3-2. Merced's bring back a 2-2-5 victory from Highland, McAteer with 10-2 at Carpenter. Collinsville bring home a 3-2 victory from State Savings of East St. Louis and nudge past the visiting Maryville squad 14-0.

With the home field advantage reversed this Sunday afternoon, contrasting scores and results are possible, if not probable. Closest contest is likely to shape up between McKeen and State Savings, only three games apart in the Red Division standings.

The two local teams, together with Collinsville and McAteer, are the only squads in close contention for division honors, the entire league is strong and is more well-balanced than in previous years.

**Divisions Balanced**  
For one thing, Red Division teams have won exactly half, or 31 games, of their 62-game schedule thus far and the Blue Division owns 30 wins in 60 attempts. This uniformity is unusual, since the Blue Division has the new trend reflects credit on the proved strength of two Division mainstays, Sacred Heart and McKeen.

Manager Ollie Miller has not yet announced his starting pitcher for Merced's game with the third-place invaders from Highland.

However, the final choice is expected to be narrow, with the choice likely to fall to either Jack Bueente or Joe Holder. For behind-the-plate duties, his choice is Rudy Diak.

The Sacred Heart team also will be taking to the field Sunday afternoon, but not against one of its fellow Red Division teams, in opposing the fourth-place Blue Division squad at White City. Manager Lynn Tucker is expected to send Bob Page to the mound.

## City Auto, Bethel Win In Slow Pitch Loop

City Auto Repair continued its complete domination of the Wilson Park Softball Slow-Pitch League Monday night by smothering third-place Nameoki Presbyterian with a barrage of 12 runs to the loser's singleton.

The winners rapped out 12 hits while committing only one error, in contrast to Nameoki's three errors and seven hits.

The Reapment scored one run in the second, four in the third, a like number in the fourth, two in the fifth and one for good measure in the sixth to sand-bag Presbyterian, which got its lone home run in the sixth inning.

Battermates for City Auto were Steve Hordick hurling the ball to Vernal Deutschman behind the plate.

Ted Kawula pitched for Nameoki, with Warren Sedars catching.

Dean Harrell had the right idea for Presbyterian, but it came too late in the game to face the rampaging City Auto group. He wallowed a homer in the sixth with the bases empty.

In the evening's first game Bethel Community took the measure of cellar-dwelling VFW Post 1300 by a 10-to-4 score and thus kept a firm hold on second place, three games behind the leaders.

For Bethel, behind the pitching and catching of Davis Vessell and Frank Burlingame, it was two tallies in the first inning, one in the fourth, six in the fifth and one in the sixth.

The VFW had Oliver Jacobsmeyer on the mound, with Ray Thomas catching. The team scored two runs in the second inning, one in the fifth and a final tally in the seventh.

Bethel outslugged VFW 13 to 9 while committing a single error to the loser's three.

Dave and Ed Hessel had a field day when it came to sending the ball into orbit for Bethel. Ed Hessel rapped a homer with one on in the first, and another round-tripper with none on in the fourth. Pitcher Dave Hessel belted a four-bagger with

## Three Local Entries In National Model Airplane Contest

Three Granite City residents are among the more than 1600 entrants in the National Model Airplane Championships who have gathered at the Dallas Naval Air Station, Grand Prairie, Tex. The meet, sometimes called the "World Series" of model airplane flying, will continue through this Sunday.

Arthur D. Conary, 29, 2321 Edison avenue, Paul Milton Morris, 27, 1 Terrace lane, and Terry M. McCormick, 15, son of Mr. and Mrs. Robert McCormick, 3132 Aubrey avenue, are contestants in the fourth national championships.

Competition is divided into three age categories: junior class, open to those less than 16 years old; senior class, open to contestants between 16 and 21; and the open class for contestants over 21.

Participants in the huge air meet will fly their models in events such as free-flight gas to radio-control, control-line speed, jet and team racing contests.

In Navy carrier events, the model experts will fly their gas engine planes off and land aboard the deck of a miniature aircraft carrier, USS Small Fry. Souvenirs will take off from a specially-constructed lake at the air station.

Contestants willing first, second and third place in each event will be awarded trophies. The grand national champion will receive a perpetual challenge trophy.

The model air meet is conducted by the Academy of Model Aeronautics, Washington, D. C. the model aircraft governing body.

## CHEVY'S CORVAIR KEEPS YOU COOL, MAN... COOL!

Here's another of Corvair's exclusive advantages — and you sure won't want to be without it these warm summer days. We're speaking of the friendly way Corvair keeps you cool and comfortable, with only fresh outside air coming your way. No front-engine or under-car exhaust heat bothers you in a Corvair. And this is only one of the wonderful advantages Corvair's rear-engine design has in store for you. You'll like that practically flat floor, the dig-in-and-go traction, the nimble handling, too. Corvair sound like a real treat to you? Well, one drive at your dealer's will back up every word we say.

Rear Engine... You leave noise and heat behind you.

Front Engine... Passenger compartment exposed to engine noise and heat.

America's only rear-engine car — Corvair. This is the 700 4-Door Sedan.

## Children Also Aiding Fund Drive For Chile

Youngsters as well as adults are aiding the local drive—now over the \$1000 mark—to aid victims of the earthquake disaster in Chile.

The American Red Cross chapter here has received \$5 from a fifth grade pupil, Lois Ann Kueker of Granite City, as proceeds of a fund drive conducted by her, Mrs. Ruby Overbeck, executive secretary, reported today.

In addition, \$3.35 was netted by a group of five children from a "circus" held in the yard of Henry Bathom, 2031 Fifth street, East Madison, and the entire amount has been turned over to the special fund drive. Rides and other events were held for youngsters in the neighborhood.

## \$16,860 Six-Month Fire Loss In Venice

Fire loss in the city of Venice during the first half of 1960 amounted to \$16,860, including damage to buildings and loss in furniture and other contents, a report by the Venice volunteer fire department showed today.

Property involved in fires, other than factories and railroad equipment, was valued at \$154,100.

The 62 calls answered included 30 dwellings, three sheds and garages, four involving flues and stoves, one school, five autos and trucks, one factory, one involving railroad property, three industrial calls, 11 grass and rubbish fires and three calls to assist out-of-town departments. A separate listing showed eight fires affecting residences on Kerr Island.

The report was prepared by Michael E. Leatherman Jr., chief, and Leo Schank, secretary.

A separate listing showed eight fires affecting residences on Kerr Island.

The report was prepared by Michael E. Leatherman Jr., chief, and Leo Schank, secretary.

Madison county residents purchased \$319,026, in series E and H United States Savings Bonds in the month of June, according to Henry D. Karandjeff of Granite City, general chairman of the county savings bonds committee.

A separate listing showed eight fires affecting residences on Kerr Island.

The report was prepared by Michael E. Leatherman Jr., chief, and Leo Schank, secretary.

## Work Proceeding On Voter Cards, Master File

Information from Madison county voted cards is being transferred to a master file in the county clerk's office with the aid of college students employed for the summer. At the same time, the regular staff is changing records of registered voters.

The large white vehicle, which will have a pumping capacity of 750 gallons of water a minute, will be put through its paces by the Madison until it has passed all qualifying tests.

It is not necessary to mail in the cards despite their July 1, 1960, expiration date, since new cards expiring in 1964 will be mailed out during August.

The master file was started in June with posting of information on the 24,110 persons who voted in the 1958 election, the 37,783 who cast ballots in the April 12 primary and the 358 who participated in the June 6 judicial election.

The boundary changes made by the county board established four new precincts in Granite City, one new precinct in Helvetia township and six new ones in Alton, cancelling five in annexed areas of Wood River township. There are now 159 Madison county precincts, including 46 in the Quad-Cities.

Dr. Walton To Open Clinic Here Aug. 9

Dr. E. W. Walton is announcing the purchase of commercial property at 2001-03 Johnson road for a 14-room chiropractic clinic. The opening date has been set for Aug. 9 at 10 a.m.

Dr. Walton, who resides here, said the building will be air-conditioned and equipped with the latest equipment for physiotherapy and chiropractic therapy, and parking facilities will be provided.

His St. Louis office, known as Dr. Walton Chiropractic Clinic, will be staffed by Dr. E. J. Horner.

## New Madison Fire Truck Due Soon

Delivery is expected soon on a new fire truck ordered for the Madison volunteer fire department. It was learned this week from Fire Chief E. J. Miller.

The vehicle is being completed at the Towers Fire Apparatus Co. in Freeburg, and only minor adjustments remain to be carried out, Miller said. Major equipment is in place, and painting has been finished.

The large white vehicle, which will have a pumping capacity of 750 gallons of water a minute, will be put through its paces by the Madison until it has passed all qualifying tests.

It is not necessary to mail in the cards despite their July 1, 1960, expiration date, since new cards expiring in 1964 will be mailed out during August.

### Enforcement Of Use Tax Law Being Sought

Strict enforcement of the Illinois Use Tax law is being sought by local area retailers who are writing legislators to urge them to call for enforcement.

During a recent meeting of the board of directors of the Associated Retailers & Civic Association, it was pointed out there is a need to determine how the Use Tax law is being operated and for the tax to be collected on appliances and other merchandise entering the state from Missouri.

## Reduction In Levy, Made Possible By Sales Taxes, Boon To Property Owners

The \$114,000 tax levy reduction proposed by Granite City aldermen represents a drop of nearly 11% in the \$1,048,771 levy of a year ago. This is a major change and is worthy of commendation.

It may be noted that the major item in decreasing the city budget from \$1,643,819 to \$1,458,447 was completion of the new fire station. The means of achieving a decrease in the new property tax levy is utilization of the one-half cent city sales tax, used previously to finance the fire station.

While growth of the city has gradually brought about the need for more funds for municipal services, additional funds have been forthcoming from two sources — the sales tax adopted four years ago and more recent increases in assessed valuation, which provides the base for levying of property taxes.

The current Granite City assessment of \$142,000,000 compares with \$99,000,000 three years ago. Thus, the same tax rate will produce 42% more money than in 1927. The sales tax also has been a large factor, producing over \$750,000 for the city treasury of Granite City in four and a quarter years.

While these facts are pertinent to a study of the new tax levy, the major use nevertheless should prove helpful to local taxpayers. Some other decision for use of the sales tax could have been made, but this would have had the effect of continuing the levy at more than \$1,000,000, since basic spending has surpassed that level.

Property owners will benefit from the city council's decision. Wherever possible, it would be good to see other taxing bodies follow a similar course this summer.

## State Commission Favors Fuller Use Of Six Tax-Supported Universities

Educational costs inexorably are moving the nation toward fuller use of school buildings, it is generally agreed by both proponents and opponents of year-round utilization of schools. In some districts, this has resulted in the quarter plan, under which students' three-month vacations are taken on a staggered basis in all four seasons, instead of only the summer.

Now, the Illinois Commission on Higher Education has taken a stand on utilization of the six tax-supported universities in this state. The group recommends that the six be operated 48 weeks out of the year and for 60 hours each week.

The commission says that the longer hours and longer academic year are necessary to make fuller use of existing campus facilities. It recommends that students continue to take vacations, but not necessarily during the summer.

The potentialities of the year-round plan, discussed in this area for some time, are great in terms of more adequate yearly pay for faculty members who are heads of families, enriched educational programs for those who seek it, greater value received from tax dollars invested in construction projects, vacations in new seasons of the year for teachers, students and families, reduced over-all school costs and a sounder approach to the big and important business of educating children.

The state commission shows far-sightedness in outlining its recommendations for use of Illinois' institutions of learning. The people, in the long run, foot the bill for education. They must be satisfied that their funds are being used effectively, or they will balk when new school spending is proposed.

## Twins Convention Set For Labor Day

Hundreds of twins from all over the United States and Canada will meet at the Chase Hotel, St. Louis, on the Labor Day weekend, for the 26th annual convention of the International Twins Association.

Several local "twin" residents have attended similar conventions in previous years.

Scheduled events include a dinner-dance, a boat ride down the Mississippi and a children's party. Dick Brooks, well-known cartoonist and writer for the syndicated comic strip, "The Jackson Twins" will be a featured guest and one of the panel of eminent judges for a contest to choose the most alike and unlike twins.

Lee and Lou Vaughn of St. Louis were named last year as ITA co-presidents.

## Problems Of Fringe Areas Require Thought, Planning

Discussions recently being held in Nameoki township and in the Mitchell area reflect the problems encountered in unincorporated fringe sections of rapidly growing population centers.

At Mitchell, a service club is circulating petitions in the hope of obtaining two utility services, natural gas and water. Topics before the Nameoki town board include construction of a building to house township offices and road equipment, and ways to eliminate storm water drainage problems at Pontoon Beach.

Aware of the problems both inside and outside the city limits, the city is including fringe areas in its current study of drainage needs. It is felt that such information will be important, since the municipality is growing outward and will inherit any existing conditions.

While thought is being given to outlying sections, as evidenced by the drainage survey, the problems and needs of such areas are numerous. The day is not far when consideration will have to be given to extending municipal boundaries and services much farther than at present.

## Proposed Program Might Encourage More People To Contribute Blood

A meeting called for tomorrow evening at the Labor Temple will provide information on a blood program proposed by the AFL-CIO Community Services, and will enable advantages or disadvantages of the plan to be aired. Questions from the audience will be answered after the topic is explained.

The proposal would place greater emphasis on the need for contributing blood. This would be done by offering all blood needed by the members of an organization and their families, as long as one-fourth of the members give a pint of blood each year. Individuals also could gain similar protection for themselves and their families by participating when blood-mobilize vehicles are in this community.

The advantage would be that many persons would begin giving blood during years when they are in good health and can give with no thought of harm. Many such potential donors do not now give blood. This would offset the lack of blood contributions from those who, for various reasons, cannot give it. At the same time, it could solve the problem of many families who find themselves in need of large amounts of blood due to unusual illnesses.

The proposal raises interesting possibilities and will merit serious consideration at the public meeting. Local families and organizations might find it well worth their time to attend and listen to the discussion.

## Mitchell Gas Survey Ends This Sunday

A house-to-house survey of Mitchell proper questioning the residents on the desirability of having natural gas brought into the area is well underway and meeting with great success, said Robert Franko, president of the campaign — sponsoring Mitchell Kiwanis club.

Contacting approximately 30 home-owners an evening, members of the service club expect to wind up the neighborhood canvass by Sunday and then tabulate the results. Franko said the evening contacts are proceeding slowly because most of the residents favoring the natural gas project also wish to discuss and go forward with a community water project as well.

During Monday evening's meeting of the club, attended by 10 members at Smith's Cafe, plans were made to purchase new 50-star U. S. Flags for the local Boy and Girl Scout troops.

Members also discussed types of street signs that they thought necessary to the safety of Mitchell and the relative costs.

It was decided, Franko said, that because of the relatively high cost of the markers, it would be best to stretch the purchases over a two-year period with an initial small purchase to choose the most alike and unlike twins.

LEE AND LOU VAUGHN OF ST. LOUIS WERE NAMED LAST YEAR AS ITA CO-PRESIDENTS.

### ARRIVES IN EUROPE

Mrs. William Vaughn has received word that her husband, Pvt. William R. Vaughn, has arrived in Europe on the way to his new assignment in West Germany. He entered the Army Jan. 19 and took basic training at Fort Leonard Wood, Mo. He is the son of Mr. and Mrs. Ira Vaughn, 2913 Marshall avenue.

Mr. and Mrs. Harlan Keel and Mrs. Maude Covington, 1327 Meridian street, had as weekend guests Mr. and Mrs. Burlin Covington and family, Mr. and Mrs. Albert Doyle and daughter, Patsy and Mrs. Helen Lancaster and sons of Festus, Mo. They attended the wedding of Mr. and Mrs. Marty Thompson at the Calvary Baptist Church while here.

Cheryl Ann is the name chosen by Mr. and Mrs. Bob Schofield for their infant daughter born July 9 at St. Elizabeth Hospital. The infant received a ring in observance of her first attendance at the Tri-City Park Tabernacle Sunday school this week.

Mr. and Mrs. Mike Segedy of 14th street had as weekend guests her nephew, Earl Aaron of Iowa, and his wife and child. He is in the Navy, and they were on their way to New London, Connecticut.

Mr. and Mrs. Charles Keel of Granite City and Mr. and Mrs. Sam Fitzhugh of Dover, Tenn., visited Mr. and Mrs. Harlan Keel, 1327 Meridian street, Sunday afternoon.

Members of the Oak Ridge Quartet visited at the Tri-City Park Tabernacle Sunday night. Those here were Ron Page, Smitty Gattis, Tom Fairchild, Willie Wynne and Herman Harper, all of Nashville, Tenn.

Walt Whitman said that in school he studied the four "R's" — reading, 'riting, 'rithmetic and restin'.

## Depot To Crown Queen At Picnic

The Granite City Engineer Depot's annual picnic will be held from 11 a.m. to 6 p.m. Saturday on the parade grounds of the local Army installation. High light will be crowning of a queen to reign over Depot activities for the coming year.

Candidates are Miss Donna Sheridan, nominated by the Box and Crate Shop, Storage Division; Miss Thelma Dugan, Depot Property Branch; Miss Nancy Hickman, Storage Division; Miss June Heth, Review and Analysis Branch; and Communications Branch; and Miss Gwen Kelton, 533rd Engineer Group.

Games are being planned for both young and old, and refreshments will be made available. Rides will include a ferris wheel, merry-go-round, tub of fun, kiddie cars, swings, pony rides and train rides.

## Plumbing Inspections To Be Needed For Tap-Ons

A new requirement is to be established for persons living outside the city limits seeking to connect onto the city sanitary sewer system.

City Plumbing Inspector Elmer Reinhardt, in a note to the council Monday night, asked that all plumbing fixtures be inspected in the homes before tap-on permission is granted. His request was referred to the Special Sewer committee headed by Alderman Frank Vesel.

The city has been granting tap-on permits in the Nameoki area for property owners adjacent to Nameoki sanitary sewer line.

## In Air Force Training

James E. Cochran Jr., son of Mr. and Mrs. James E. Cochran, Rural Route One, Box 841, is in an eight-week basic training program at Lackland Air Force Base, San Antonio, Tex., after enlisting in the Air Force July 18 for a four-year period. A June graduate of Granite City high school, he formerly was employed at the Kroger grocery store.

## Pay Boost Pending For GC Dog Catcher

A \$50 monthly pay increase for the city dog catcher is to be submitted to the Granite City council—possibly next week—as aldermen agreed Monday night for an ordinance to be prepared to set forth the pay boost.

Alderman Rufus LeMaster called for a vote during the meeting, explaining the humane officer had joined the Teamsters Union and was entitled to the same pay as other members of the sanitation department. I believe he is entitled to some back pay," LeMaster added, pointing out other members of the sanitation department received a \$25 monthly increase this year and \$25 last year.

When Mayor Davis said a motion was needed for an ordinance, several aldermen said the increase should be automatic. However, City Atty. William Hearty said the dog catcher's present salary of \$435 a month was set by ordinance and another would be needed to change it.

Humane Officer Earl "Red" Anglin told the council he had not received an increase since the position was set up about two years ago. Before that time, he worked for all three local cities.

# DAY CAMP ACTIVITIES AT TRI-CITY GIRL SCOUT COUNCIL'S PICTURESQUE CAMP LAKOTA

**MORNING FLAG RAISING CEREMONY** at Tri-City Girl Scout Camp Lakota near Glen Carbon. The ritual is performed each morning as the Girl Scouts and Brownies arrive for Day Camp sessions. Nearly 100 girls and leaders in a semi-circle are here saluting as the flag goes up.

**LAKE AND WOODS** form a scenic background as two small day camp participants undertake a daily chore, carrying water from a fister bag to their patrol site. The girls seated in the background are in another patrol and are working on handicraft items. The girl to the right is wearing a wallpaper sun hat.

**OFF FOR A HIKE** through woods and over hills, these small Brownies are following their Senior Scout leader, Enroute, they stopped frequently to pick wild flowers to take home and to study the work of insects and nature.

## Outdoor Play, Chores, Nature Studies Provided For 324 Local Girls

Outdoor camping is nearing a season end for Quad-City Girl Scouts and Brownies.

Tomorrow winds up the third and final one-week "day camp" program of the Tri-City Girl Scout Council in which over 300 girls participated at the scenic new Camp Lakota in the hills near Glen Carbon.

All three one-week periods were carried out in a "Four-Week Circus" theme, featuring handicraft and nature walks through wooded areas within the picturesque campsite.

Each of the 324 girls paid a \$3 fee for a week's day camping and in return received transportation to and from the campsite, the noon meal and handicraft materials. In addition, the camping fee provided insurance.

**Girls Cook Meals**  
Mrs. John Zimmer, president of the Girl Scout Council, said the day camp project is being well-received by the girls, who are spending five days in the outdoors. The girls cooked their own meals and carried out their routine chores necessary to camp.

At the campsite is a permanent building, where the food is stored for each participating patrol of eight girls, and for rainy days, tents and a permanent shelter, located atop a hill opposite the camp building are provided. Also at the campsite are a lake and small stream, but swimming is not yet permitted.

Water for drinking purposes and washing of cooking utensils was hauled by jeep from Glen Carbon.

During the first day camp week, 84 girls of Neighborhood Two were at the camp Monday through Friday, followed by second week campers numbering 135 from Neighborhood Three. This week's final session for Neighborhood One and Four has 85 girls enrolled.

**Time For Relaxing**  
Day Camp Director Mrs. Michael Schmitt said the girls are active throughout each day with handicrafts, nature studies, wild bird identification contests, but with some spare time to just sit back, relax and enjoy the outdoors. Each day, after the noon meal, the senior Girl Scouts assemble the girls for group singing while the volunteer adult leaders meet with Mrs. Schmitt. Co-chairmen of the day camp planning program were Mrs. Charles Rodell and Mrs. George Eubanks.

The assembly point each morning is the parking lot at St. John United Church of Christ, and the girls were taken to the camp by bus.

Upon arrival, the patrols of eight assemble for the day's activities with their adult leaders and then pair off to march to

the camp flag pole on a knoll near the camp headquarters for the day's flag-raising ceremony with the pledge of allegiance and singing of "America." A different patrol is selected each morning to lead the ceremony as the girls gather about the pole in a semi-circle. A flag lowering ceremony is held at the close of each day.

After the morning ceremony, each patrol leaves the headquarters for the day camp area on another hill. There they gather about their tents and begin work on handicraft—painting, crayon-coloring and a scrapbook.

**Bird Guessing**  
In between handicraft sessions, the girls go on the nature study hikes, and each morning a silhouette of a wild bird is tacked to a post on the creek bridge for the girls to identify.

The patrols were for Brownies and Girl Scouts of all ages, and as a part of the handicraft program, each patrol made souvenirs to swap with others.

Using the circus theme, for example, the "Monkey" patrol made miniature monkeys with peanuts and pipe cleaners. Others made miniature "cat" puppets, bed rolls, yarn clovers, small weather flags, Indian Princess Lakota cutouts, teepees and miniature sun hats, balloons and

clown faces made of corks. The swap session is reserved for the final day of the camp each Friday. On that day, the girls also are excused from most of the routine camp duties, as the volunteer staff serves refreshments.

**Rotate Chore Assignments**  
Each day the girls are paired within their patrol and rotate on work assignment—taking turns as supply runners, fire builders, cooks and hostess and cleanup.

Handicraft work varies by patrol. Some make leaf blueprints, paint on glass, make plastic-metal bracelets and other color work. However, each prepares a souvenir scrapbook.

The groups of eight, with each adult volunteer leader assisted by a senior Girl Scout, are assigned to individual areas and work on makeshift tables of plywood on concrete blocks.

Each girl is required to take to camp with her a pair of work gloves, a knife, eating utensils and a heavier bucket in which to wash her utensils.

The work assignments begin with preparations for lunch.

**Preparing Meal**  
The two supply runners go to the lodge headquarters for the box of food, the firebuilders begin making a charcoal fire in portable pits, and with the ar-

rival of the supplies, the cooks start on their chore. A typical meal on one day, and the meals are planned for balanced diets, included beans cooked in the cans, hamburgers, an orange drink, pickles, mustard, ketchup and a salad. The hostess and cleanup team is responsible for the blessing at the start of the meal and the clearing of the table. Each girl washes her own utensils.

After lunch, the leaders go into session with the camp director, while the senior Girl Scouts assemble the girls in the shelter for a songfest. The songfests continue through most of the day and on the bus trips to and from the camp.

In the afternoon, handicraft is continued along with hiking and camping discussions.

The day camp program this year was expanded greatly. It formerly was held at Wilson Park. The Girl Scout Council is currently in the midst of a fund drive to expand the facilities at Camp Lakota.

In addition to the 324 girls taking part in the day camp program, nearly 200 Girl Scouts and Brownies spent a week in the established camp near Pere Marquette State Park. Camp Oatoga serves other councils in the area and was assigned to the Tri-City Council for the middle two weeks in June.

**Committee Developing New Budget For County**  
Halfway through conferences with county officials on 1960-61 departmental financial needs, the county board of supervisors' finance committee will resume its budget planning next week.

Committee Chairman Leslie Prehn of Bethalto has announced.

Prehn said it is still too early to determine whether requests of the various offices will need to be cut in preparing the new year's budget for the county government.

In addition to interviews with the officials not yet contacted, the committee plans to confer with the county board's legislative committee on financial needs of the new justice of the peace program. State laws will place all JPs on a salary rather than fee basis.

**Traffic Charges**  
Charges of making improper left turns at Niedringhaus and Madison avenues were placed against two motorists issued arrest tickets Monday by Granite City police. They were Thomas A. Bell, 37, of 2335 East 27th, and Grover C. Brannan, 32, of 3005 Ramona drive.

**Auto Damaged When Pavement Caves In**  
A street caved in at 22nd and Monroe streets caused damage Monday to the 1954 auto of Donald H. Thomas, 23, of East St. Louis. The street collapsed under the right front wheel of the auto, and a tow truck had to be summoned to lift the car out of the hole.

Police reported the cave-in occurred at a location where the street recently had been excavated for a water line installation. The damaged auto was towed away.

**Dewey Avenue Church Contract Next Week**  
Announcement of contract awards for construction of the new Dewey Avenue Methodist Church has been postponed until late next week, R. D. Webb, building committee chairman reported. The contract awards had been scheduled for this week.

Six Granite City construction firms have submitted bids on the project.

The church, to be built along the present structure at 2138 Dewey avenue, will have 60x40-foot dimensions and contain about four rooms, and not 80x60-foot and have twelve rooms as was initially reported. Cost will be approximately \$40,000.

**Dr. Hiles Wins Weekly Toastmaster Award**  
Dr. Claude Hiles was awarded this week's emblematic sign of success for his winning speech, "It's All In The Way You Say It," given during Monday evening's meeting of the Toastmaster's Club.

The award topic concerned the doctor's recent travels in Canada.

The dinner meeting's second speaker was Charles Young, who gave a talk on "Rural Government."

Toastmaster and best critic for the evening was Earl Lee, Club President. Charles Withers was appointed general evaluator.

**Window Peeper Complaints**  
Granite City police were summoned twice in a hour early Tuesday to two different homes in the 1600 block of Bremer avenue on complaints that a man was peering in windows. The first call was received at 1:20 p.m. and the second at 2:27 a.m. The area was searched both times, but no suspects were found. The man was described as being tall and slender and wearing a brown shirt.

## Scouts Impressed By Sights, Friendliness At Jamboree

Sightseeing in Colorado and the friendliness of Boy Scouts from throughout the world have impressed Quad-City scouts during their participation in the fifth jamboree, which will end tonight at Colorado Springs.

David McElroy of Madison, acting junior assistant scoutmaster, who was appointed as a representative for the Cahokia Mound Council contingent of 54 boys and five adult leaders, wrote the Press-Record this week that he has been interviewing other scouts in the local group.

"Bennie Hildebrand of Granite City was asked 'what he thought about the food here at the jamboree. He said it is wonderful, but not enough milk,' McElroy related.

"Charles Orr of Granite City said he has never met more friendly people and scouts before in his life. This really impresses Charles.

"I caught Bennie Yevlin Speechless when I asked him to try to describe Pike's Peak and the Royal Gorge, and I caught Leonard Holbrook and Jerry Walters, both of Granite City, exchanging gigantic adjectives on the size of the jamboree—55,000 scouts. As for myself, I think it's great, every minute of it.

"On July 19 scouts and explorers from the Cahokia Mound Council and five leaders left for the 1960 national jamboree in Colorado Springs. After a 17-hour train trip from St. Louis, we began our tour of Pike's Peak.

Returning to the jamboree site immediately afterward, we consisted of setting up sleeping tents, supply tents, dining tents and even building our own table.

"He doubted the military or practical value of satellites, attributed the huge scientific research program to 'Russian competition' and the 'normal curiosity of our people to explore new frontiers.'

"I wonder just how much of this we'd be doing if Russia hadn't started work on satellites," Dr. McNaney remarked. Weightlessness, said the professor, is not really the absence of weight but is actually "free falling." Two hundred miles up, he said, objects lose only about 10 per cent of their true weight due to reduced pull of gravity.

"However, in the case of satellites, empty or occupied, once they are in orbit at speeds of nearly 18,000 miles per hour, by the time they drop about one foot toward earth they are on the edge of global world and their 'free fall' downward actually parallels the earth's surface. This performance is repeated as the satellite continues its high speed due to the rarefied atmosphere, and as the earth turns."

Program chairman for the day was David Cooper, who introduced the speaker, Dr. McNaney also answered a number of questions after concluding his talk.

**Window Screen Cut**  
An apparent burglary attempt at the home of Steve Stentzer, 2827 Pershing avenue, was reported Monday afternoon to Granite City police. Stentzer said a screen on a rear window had been cut. Entrance was not gained.

Trade With Other Scouts

"On Thursday, July 21, we took a very enjoyable and spectacular tour of the Royal Gorge and Cripple Creek. On Friday, we had our first actual chance to go to the trading post and spend a few enjoyable hours of trading and snacking with scouts from every area of this country and other countries.

"In the afternoon, we went to the rifle range, where two Quad-City scouts received superior ratings. But these activities were only a beginning.

"On Friday night, a mass assembly of 60,000 scouts formed in the special arena. Here a show was put on, setting the official opening of the jamboree.

"The show included a giant flag parade, a few words from Jim Arness, a story in play form of the growth of America and a mammoth fireworks display. On Saturday, the skill-o-rama arena opened, showing the many different skills of scouting.

**Friendship Campfires**  
"Also, on Saturday night, inter-unit friendship exchange campfires were held. Just as at home, Sunday here was observed by church in the morning, and the rest of the day free to do what you want.

"The plans for Monday are a giant rodeo, and on Tuesday an exhibition of stunt flying by the famous flying team, the Blue Angels.

"As requested by all the Quad-City scouts here at the jamboree, I close this report with a 'Hello' to everyone in the Quad-Cities. We wish to express our special thanks to local leaders, Ted Scrum and Ray Gaudette, who have sacrificed their time and patience in order to make necessary preparations for this trip. The contingent will be home this coming Sunday."

**Physics Professor Discusses Satellites**

Dr. Lawrence McNaney, associate professor of physics at Southern Illinois University, addressed the Granite City Rotary Club Tuesday noon on "Satellites and Space Travel."

He doubted the military or practical value of satellites, attributed the huge scientific research program to "Russian competition" and the "normal curiosity of our people to explore new frontiers."

"I wonder just how much of this we'd be doing if Russia hadn't started work on satellites," Dr. McNaney remarked. Weightlessness, said the professor, is not really the absence of weight but is actually "free falling." Two hundred miles up, he said, objects lose only about 10 per cent of their true weight due to reduced pull of gravity.

"However, in the case of satellites, empty or occupied, once they are in orbit at speeds of nearly 18,000 miles per hour, by the time they drop about one foot toward earth they are on the edge of global world and their 'free fall' downward actually parallels the earth's surface. This performance is repeated as the satellite continues its high speed due to the rarefied atmosphere, and as the earth turns."

Program chairman for the day was David Cooper, who introduced the speaker, Dr. McNaney also answered a number of questions after concluding his talk.

## Solons Ok Township Bills Totalling \$2982

Township bills totalling \$2982 were approved Monday night by Granite City council members.

Of the amount, \$1307 was for relief and \$1675 for town purposes.

The relief bills included \$251 for medical care, \$181 for food, \$24 for clothing, \$113 for rent and room and board, \$125 for the Madison County Nursing Home, \$5 for travel, \$11 for utilities, \$25 for office telephone service, \$467 half-month salaries for three office employees, \$18 for caseworker travel and \$20 for employees' retirement.

The town fund disbursements were \$699 half-month salaries for four officials, \$684 salaries for four deputy tax assessors, \$91 for supervisor and assessor travel, \$50 rent paid to the city for the assessor's offices, \$20 per diem for Town Clerk A. L. Steverson, \$20 monthly office expense allowances for Justices of the Peace Robert Rouland and Gerhard Mueller, \$19 for stationery for the assessor and \$18 for telephone service for the assessor.

The remainder of Monday's meeting was devoted to a discussion of completed reports for the month of July, which would soon be forwarded to the district office in Chicago. Judd said this was customary for the final meeting of the month.

## Granite City PRESS-RECORD

Thurs., July 28, 1960 Page 31

## GC Kiwanis Nets \$400 On Softball Game

Granite City Kiwanis President Francis Judd told the 20 assembled members at Monday evening's meeting in the Elks Club, that the service organization had netted approximately \$400 as its share in co-sponsoring with the Granite City Park district the championship girls softball exhibition game at Wilson Park last Thursday.

He expressed appreciation for the tremendous public acceptance of the exhibition which pitted the world champion Raybestos Brakettes against the St. Louis Blues. Approximately 2500 persons saw the girls from lower New England edge-out the comparatively local team by a 1 to 0 margin.

The remainder of Monday's meeting was devoted to a discussion of completed reports for the month of July, which would soon be forwarded to the district office in Chicago. Judd said this was customary for the final meeting of the month.
